

2018

Launch of KPIT SPARKLE 2018 Theme!!!

The **2018 edition** of KPIT Sparkle comes up with even more exciting theme which would allow you to explore new technology trends in the field of energy and transportation.

It emphasizes on "**Next Generation Energy & Transportation Solutions**" with special focus on:

1. Artificial Intelligence
2. Cyber Security &
3. New Materials

"You can register as usual once the event is formally launched in May 2017. Till then, put on your thinking hat and come up with some innovative ideas".
