

11 June – 21 July

CODE# PRESENTS SUMMER TRAINING ON **DATA SCIENCE USING R**

WEEK 1

*Introduction to Data Science
& its Process*
Loading data into R

WEEK 2

Exploring Data
Managing data

*Choosing and evaluating
models*

WEEK 3

Memorization methods
Linear and logistic regression

WEEK 4

Unsupervised methods
Supervised Methods

WEEK 5

Naïve Bayes Classifier
*Problems dataset in Data
Science*
Decision Tree

WEEK 6

Exploring advanced methods
*Documentation and
deployment*
Numerical part practice

Speaker:
Shweta

Coordinator: Vertika
Chirag
Himanshu
