

*Khentawas, Farrukh Nagar, Gurugram, Haryana*

*Approved by: All India Council for Technical Education (AICTE), New Delhi*

*Affiliated to: Maharshi Dayanand University (MDU) Rohtak, Haryana*

**Name of the Subject:** Artificial Intelligence

**Faculty Name:** Dr. Shipra Arora

**Innovation Practices:** Research and Innovation Labs

**Students Involved:** 6<sup>th</sup> Semester

Research and Innovation Labs for Artificial Intelligence (AI) are specialized centers focused on advancing the field of AI through scientific research, technological development, and collaboration across industries. These labs are designed to explore the potential of AI, develop cutting-edge technologies, and apply AI solutions to real-world problems. By fostering interdisciplinary collaboration, innovation, and responsible AI development, these labs play a crucial role in shaping the future of AI.
