Vision

Steering the future of computer science through innovative advancements, fostering ethical values and principles through technical education.

Mission

- M1: Directing future innovations in computer science through revolutionary progress.**
- M2: Instilling a foundation of ethical values and principles in every technologist.**
- M3: Offering a comprehensive technical education to equip individuals for a meaningful and influential future.**

PEOs (Program Educational Objectives)

- 1. Apply the technical competence in Computer Science & Engineering for solving problems in the real world.**
- 2. Carry out research and develop solutions on problems of social applications.**
- 3. Work in a corporate environment, demonstrating team skills, work morals, flexibility and lifelong learning.**

PSOs (Program Specific Outcome)

- 1. Exhibit design and programming skills to develop & mechanize business solutions using revolutionary technologies.**
- 2. Learn strong theoretical foundation leading to brilliance and enthusiasm towards research, to provide well-designed solutions to complicated problems.**
- 3. Work effectively with diverse Engineering fields as a team to design, build and develop system applications.**

Student Selected for Integrated Ph.d Program

Student Gopi Krishna Menon, final year student of CSE Department, Dronacharya College of Engineering, Gurugram was selected for the Integrated Ph.d Program from IIT Delhi.
