VISION

Empowering human values and advanced technical education to navigate and address global challenges with excellence.

MISSION

- M1 - Seamlessly integrate human values with advanced technical education.**
- M2 - Supporting the cultivation of a new generation of innovators who are not only skilled but also ethically responsible.**
- M3 - Inspire global citizens who are equipped to create positive and sustainable impact, driving progress towards a more inclusive and harmonious world.**

Editor's Desk

Dr. Nimisha Yadav

"Success is not final; failure is not fatal: it is the courage to continue that counts." - Winston Churchill

Dear all
Greetings from the Editorial Desk!

June 2026 at Dronacharya College of Engineering, Gurugram was a month of wellness, sustainability, experiential learning, and exciting opportunities for professional growth. The month began with International Yoga Week 2026, promoting the importance of physical well-being, mindfulness, and a balanced lifestyle among students and faculty.

The observance of World Bicycle Day 2026 and World Environment Day 2026 strengthened the campus's commitment to sustainable living and environmental responsibility, encouraging the adoption of healthier and eco-conscious practices.

June also brought a wealth of opportunities for students through a diverse range of summer internship and training programmes. Students explored hands-on learning and professional exposure through programmes offered by I4C, DRDO, SAIL, Maruti Suzuki, Gurugram Police Cyber Security, AAI, BITS Pilani, IIT Ropar, and IIT Jammu, among others.

These opportunities enabled students to gain practical experience, enhance technical competencies, and understand real-world professional environments.

The month further highlighted opportunities for higher education, including information on IIT Bombay M.Tech Admissions 2026, encouraging students to pursue advanced studies and strengthen their academic and professional aspirations.

With its emphasis on well-being, environmental consciousness, industry exposure, technical learning, and higher education, June 2026 reflected Dronacharya College of Engineering's continued commitment to preparing students for a dynamic and future-ready professional journey.

World Bicycle Day 2026 | Promoting Green Mobility

2 May, 2026

The NSS Cell, Dronacharya College of Engineering, Khentawas, Gurugram, observed World Bicycle Day on 3rd June 2026 to promote sustainable mobility, environmental conservation and healthy living.

Under the guidance of NSS Programme Officer Dr. Anupam Dalal, the programme featured an awareness session, pledge-taking ceremony and bicycle rally, encouraging students to adopt eco-friendly transportation and contribute towards a cleaner, healthier environment.

World Environment Day 2026 | Plantation Drive

5 June, 2026

The NSS Units of Dronacharya College of Engineering observed World Environment Day on 5th June 2026 with a plantation drive under the guidance of NSS Programme Officers Dr. Ashok Kumar, Ms. Pooja Sharma, and Dr. Anupam Dalal. In the presence of Principal Dr. Isha Malhotra, students, faculty, staff, and NSS volunteers actively participated in promoting environmental conservation and sustainable practices in alignment with the theme "Land Restoration, Desertification and Drought Resilience."

International Yoga Week 2026 | Wellness & Holistic Development

14-21 June, 2026

Dronacharya College of Engineering, Gurugram observed International Yoga Week from 14th-21st June 2026, engaging students, faculty, NSS volunteers, and staff in activities promoting physical fitness, mindfulness, and holistic well-being. Under the guidance of Dr. Sambhu Dayal Sharma, participants practiced Yoga Asanas, Pranayama, Meditation, Relaxation Techniques, and wellness exercises, reinforcing the theme "Yoga for Healthy Ageing" and encouraging healthy, balanced, and disciplined lifestyles.

I4C Summer Internship Program 2026 | National-Level Achievement

Garima Ahuja (CSE, Batch 2024-2028) of Dronacharya College of Engineering, Gurugram has been selected for the prestigious I4C Summer Internship Program 2026 under the Indian Cyber Crime Coordination Centre (I4C), Ministry of Home Affairs, Government of India.

The achievement reflects her dedication to Cyber Security, Digital Forensics, Cyber Crime Investigation, Artificial Intelligence, and Emerging Technologies, highlighting the institution's focus on practical learning and future-ready technical skills.

DRDO Summer Internship Program 2026 | Student Achievement

Mayank Srivastava (CSE-AIML, Batch 2023-2027) of Dronacharya College of Engineering, Gurugram has been selected for the prestigious DRDO Summer Internship Program 2026 under the Defence Research and Development Organisation, Ministry of Defence, Government of India.

The selection highlights his interest in Artificial Intelligence, advanced computing, defence technology, and research, reflecting DCE Gurugram's focus on innovation, technical excellence, and research-oriented learning.

SAIL Summer Internship Program 2026 | Student Achievement

Rishabh Tandon (CSE-AIML, Batch 2023-2027) of Dronacharya College of Engineering, Gurugram has been selected for the prestigious SAIL Summer Internship Program 2026 at Steel Authority of India Limited (SAIL).

The selection reflects his technical capabilities and the institution's focus on industry-oriented learning, innovation, and professional development, providing students with valuable exposure to leading organizations and real-world work environments.

IIT Bombay M.Tech Admission 2026 | Student Achievement

Harsh Monga (CSE, Batch 2022-2026) of Dronacharya College of Engineering, Gurugram has secured admission to the prestigious M.Tech Programme at IIT Bombay

This achievement reflects his academic excellence, technical expertise, and commitment to continuous learning and innovation, highlighting the strong academic foundation and research-oriented learning at DCE Gurugram.

Maruti Suzuki Summer Internship Program 2026 | Student Achievement

Karan and Hitesh (Mechanical Engineering, 4th Semester) of Dronacharya College of Engineering, Gurugram have been selected for the prestigious Summer Internship Program 2026 at Maruti Suzuki India Limited.

The selection reflects their technical knowledge, dedication, and engineering skills, providing valuable exposure to automotive manufacturing, industrial operations, innovation, and hands-on learning.

IIT Ropar Summer Internship Programme 2026 | Student Achievement

Tanvi Joshi and Cheshta Sharma (AIML, Third Year) of Dronacharya College of Engineering, Gurugram have been selected for the prestigious Summer Internship Programme 2026 at IIT Ropar, in the Department of Electrical Engineering. The opportunity will provide valuable exposure to advanced research, interdisciplinary learning, and emerging technologies, reflecting their academic excellence, technical skills, and research aptitude.

DRDO Summer Internship Program 2026 | Student Achievement

Deepanshi Chhillar of Dronacharya College of Engineering, Gurugram has been selected for the prestigious DRDO Summer Internship Program 2026 under the Defence Research and Development Organisation, Ministry of Defence,

Government of India.

The internship will provide valuable exposure to advanced research, defence technologies, engineering innovation, and real-world problem-solving, reflecting her academic excellence, technical expertise, and commitment to innovation.

Gurugram Police Cyber Security Summer Internship 2026 | Student Achievement

Khushal Singh Yadav (CSE-IoT, Batch 2023–2027), Akash Nandy and Partiksha Pathak (CSE-AIML, Batch 2024–2028), Bhawana Pundir (CSIT, Batch 2024–2028) of Dronacharya College of Engineering, Gurugram has been selected for the 13th Gurugram Police Cyber Security Summer Internship Program (GPCSSI 2026), organized by the Gurugram Police Cyber Crime Unit. The internship will provide valuable exposure to cyber-crime investigation, digital security, ethical hacking, cyber awareness, and real-world security challenges, reflecting his technical skills and interest in cybersecurity

Gurugram Police Cyber Security Summer Internship 2026 | Student Achievement

Hunny Sharma, Neelu Kushwaha, Tamanna Samal, and Abhay Yadav (CSE, Batch 2024-2028) of Dronacharya College of Engineering, Gurugram have been selected for the 13th Gurugram Police Cyber Security Summer Internship Program (GPCSSI 2026), organized by the Gurugram Police Cyber Crime Unit.

The internship will provide valuable exposure to cybercrime investigation, digital forensics, ethical hacking, cyber defence, and emerging technologies, reflecting their technical skills and growing interest in cybersecurity.

DRDO Summer Internship Program 2026 | Student Achievement

Pranshu Gupta (CSE, Batch 2024-2028) of Dronacharya College of Engineering, Gurugram has been selected as a Software Intern at DRDO (Defence Research and Development Organisation), Ministry of Defence, Government of India, for the Summer Internship Program 2026.

The opportunity will provide valuable exposure to software development, artificial intelligence, cyber security, programming, and emerging technologies, reflecting his technical skills and interest in research-driven innovation.

BITS Pilani Summer Internship Program 2026 | Student Achievement

Satyam Rai (CSE, Batch 2024-2028) of Dronacharya College of Engineering, Gurugram has been selected for the Summer Internship Program 2026 at BITS Pilani.

The opportunity will provide valuable exposure to advanced research, software development, artificial intelligence, data science, and emerging technologies, reflecting his technical skills, dedication, and interest in research-driven innovation.

IIT Jammu Summer School Internship & Training Program 2026 | Student Achievement

Dhruvi Patel (CSE, Batch 2024-2028) of Dronacharya College of Engineering, Gurugram has been selected for the Summer School Internship & Training Program 2026 in Data Science and Artificial Intelligence at IIT Jammu. The programme will provide valuable exposure to Data Science, Artificial Intelligence, Machine Learning, advanced computing, and emerging technologies, along with hands-on learning and expert mentorship.

DRDO Summer Internship Program 2026 | Student Achievement

Kalash Sangwan (CSE, 4th Semester) of Dronacharya College of Engineering, Gurugram has been selected for the DRDO Summer Internship Program 2026 under the Defence Research and Development Organisation, Ministry of Defence, Government of India.

The internship will provide valuable exposure to advanced research, defence technologies, artificial intelligence, cybersecurity, and emerging technologies, reflecting her academic excellence, technical proficiency, and interest in research-driven innovation.

Maruti Suzuki Summer Internship Program 2026 | Student Achievement

Mukul Yadav (CSE-AIML, Batch 2024-2028) of Dronacharya College of Engineering, Gurugram has been selected for the Summer Internship Program 2026 at Maruti Suzuki India Limited. The internship will provide valuable exposure to AI, Machine Learning, software development, advanced manufacturing technologies, and industry practices, reflecting his technical skills and interest in industry-oriented learning.

AAI Summer Internship Program 2026 | Student Achievement

Jatin Kataria (CSE, Batch 2024-2028) of Dronacharya College of Engineering, Gurugram has been selected for the Summer Internship Program 2026 at Airports Authority of India (AAI). The internship will provide valuable exposure to software development, data analytics, artificial intelligence, digital transformation, and aviation technology, offering practical insights into technology-driven projects and real-world industry practices.

IIT Jammu Summer School Internship & Training Program 2026 | Student Achievement

Kapil Bhardwaj (AIML, Batch 2024-2028) of Dronacharya College of Engineering, Gurugram has been selected for the Summer School Internship & Training Program 2026 at IIT Jammu, focusing on Artificial Intelligence, Large Language Models (LLMs), Generative AI, Automation, and AI Agents. The programme will provide valuable exposure to Machine Learning, Generative AI, Prompt Engineering, Intelligent Automation, Data Science, and emerging AI technologies, along with hands-on learning and expert mentorship.

I4C Summer Internship Program 2026 | Student Achievement

Mukund Rai (CSE-AIML, Batch 2024-2028) of Dronacharya College of Engineering, Gurugram has been selected for the I4C Summer Internship Program 2026 under the Indian Cyber Crime Coordination Centre (I4C), Ministry of Home Affairs, Government of India.

The internship will provide valuable exposure to cybersecurity, artificial intelligence, digital forensics, cyber crime investigation, ethical hacking, and emerging technologies, offering practical insights into national-level cybersecurity initiatives and digital security practices.

DRDO Summer Internship 2026 | Student Achievement

Humita Bhatia (CSE, Batch 2024-2028) of Dronacharya College of Engineering, Gurugram has been selected for the DRDO Summer Internship Program 2026 at DMSRDE (Defence Materials and Stores Research & Development Establishment), Kanpur, under the Ministry of Defence, Government of India.

The internship will provide valuable exposure to advanced defence technologies, materials research, innovation, and research-oriented projects, reflecting DCE Gurugram's focus on academic excellence, experiential learning, and research-driven education.

DCE First-Year Students Present Research at IIT Mandi | Research Excellence

22 first-year students of Dronacharya College of Engineering, Gurugram presented 22 research papers at Anusandhan 3.0, the multidisciplinary research conference organized by IIT Mandi on 11-12 June 2026.

Under the theme "Multidisciplinary Innovations for Sustainable, Intelligent and Inclusive Systems," the students showcased innovative ideas and research-oriented solutions under the mentorship of Prof. Santosh Rani, Prof. Kavery Verma, Prof. Nimisha Yadav, and Prof. Dixita Barua, highlighting DCE Gurugram's commitment to fostering research and innovation from the first year.
