CodeQuotient-SuperCoders Program

DCEGGN/TNP/2023-BATCH

June 15, 2022

CodeQuotient announce "SuperCoders" program - A 3 month Online LIVE Project based program in **FULL Stack Software Development**.

Objective of this program is to make students ready for programming jobs in software-product based companies. By the end of the program students will have a deep understanding of Data Structures, Algorithms & Full Stack Software development along with a portfolio of impressive projects to demonstrate that knowledge to employers.

Eligibility

- BE/B.Tech 2023 Batch

Registration and Guidelines, visit below link:

<https://forms.gle/TLf8ZtUxAQHx28fC8>

Stages:

- Step 1: Step 1: PreCourse - Complete 20-25 hrs of online Pre-Course & assignments on CodeQuotient platform.
- Step 2: Coding Test - After completing the PreCourse, appear for a coding Test.
- Step 3: Interview - Explain your methodology on problem solving to an interviewer.
