About DCE

Dronacharya College of Engineering (DCE) was established in 1998. Studying at DCE enables the students to develop critical thinking & independent learning skills that are essential for future leaders and decision makers.

Our faculty members are expert in their fields and offer the students the chance to learn about world changing research as it happens.

VISION

Empowering human values and **advanced technical education** to navigate and address global challenges with excellence.

MISSION

- Seamlessly integrate human values with advanced technical education.
- Supporting the cultivation of a new generation of innovators who are not only skilled but also ethically responsible.
- Inspire global citizens who are equipped to create positive and sustainable impact, driving progress towards a more inclusive and harmonious world.

Message from Principal Prof. (Dr.) Isha Malhotra

Dronacharya College of Engineering, Gurugram has been consistently ranked amongst the top engineering institutes in NCR. DCE is providing the forefront of revolutionizing educational systems, aiming to cultivate students who have the power to make a positive impact on the world. Through its commitment to exploring new realms of learning, it empowers students to unleash their creative and analytical abilities, leaving a lasting impression. This embodies the ultimate outcome of a sustained and deliberate effort to attain excellence.

Our graduates undergo intensive training, encompassing both theoretical knowledge and practical experience gained through internships in the corporate sector. This prepares them to excel in designing, developing, and promoting products and services for discerning consumers in India or overseas, while also positioning them for future leadership opportunities in their careers.

Our institution is committed to offering cutting-edge interdisciplinary programs that are both contemporary and interdisciplinary. Quality research is one of our core principles, as we strive to develop problem-solving skills and contribute to the growth of India. At DCE, we aim to foster change through critical thinking, innovation, and expanding our students' perspectives.

We take great pride in extending a warm welcome to the esteemed recruiters from renowned organizations to select the brightest talents nurtured by the distinguished faculties at Dronacharya College of Engineering. Our collaboration with recruiters is of utmost importance to us, and we are dedicated to ensuring a fruitful and favorable recruiting process for you.

Prof. (Dr.) Isha Malhotra
Principal

Message from Career Development Head

Prof. Yashvardhan Soni

It gives me immense pleasure to warm welcome to all present and future recruiters of the Dronacharya College of Engineering. This esteemed institution represents the fusion of intellect and ethics, enthusiasm and empathy, and advancement and durability.

Our institute has long been the hub of academic brilliance in higher education, endowing students with a plethora of prospects and enabling them to bring about positive changes in society through their innovative and integrated approach. The students are always encouraged to update their knowledge in respect to the current trends in order to meet the changing requirement of the industries.

The Training and Placement Department (TPD) links the students and recruiting companies, ensuring a seamless recruitment process. Through personalized counselling and career development programs, TPD helps students identify their academic and career interests, as well as their short and long-term goals. TPD's efforts have contributed significantly to the institute's growth by streamlining the recruitment process and increasing the number and quality of job offers each year.

The remarkable accomplishments of our students in the industry are a testament to the solid groundwork they have laid at our esteemed institute. With unwavering determination, our students will undoubtedly continue to surpass expectations and demonstrate their exceptional abilities, thereby making invaluable contributions to the advancement and enhancement of your esteemed organization. We eagerly anticipate your esteemed presence at our institute, as it will mark the commencement of a prosperous and enduring partnership for the foreseeable future.

Prof. Yashvardhan Soni
Career Development Head

Message from Placement Head

Ms. Renu Dua

Dear Esteemed Recruiters, Greetings from T&P!!

As a Placement Head, I am delighted to extend a warm welcome to you as a valued recruiter for our placement program. We take immense pride in the quality of talent our institution nurtures and are thrilled to partner with esteemed organizations like yours.

At DCE, we believe in cultivating a pool of skilled and dynamic technocrats and managers who embody not only academic excellence but also possess the drive and adaptability required to excel in the professional landscape. Training and Placement Department of DCE have been focusing on industry academic interface programs in collaboration with leading industries to bridge the gap between academia and industry.

We provide our students with a wide range of training programs aimed at enhancing their employability skills, as well as providing them with many curricular and extra-curricular events to ignite their minds. With the intent of enhancing opportunities college has signed MoUs with industries and Universities.

We understand the importance of aligning the right talent with your organizational needs and are dedicated to facilitating a seamless recruitment experience. By participating in our placement program, you will have access to a diverse pool of motivated candidates who are eager to contribute their skills and knowledge to your esteemed organization. We hope you consider DCE as your recruiting partner and witness the remarkable talent our institution has to offer.

Warm Wishes and Regards,
Ms. Renu Dua
Training and Placement Head

Electronics and Communication Engineering 2

Information Technology 3

Mechanical Engineering 4

The Intake Process-DCE

The pursuit of excellence requires a transparent and honest approach

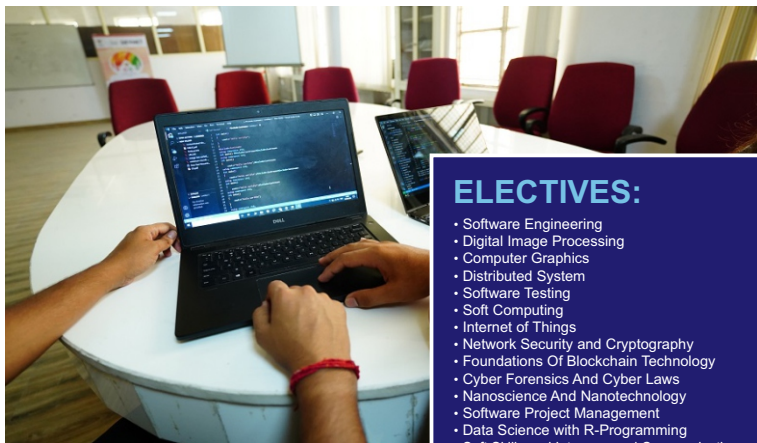

Being affiliated college, 75% seats are filled through HSTES counselling (based on JEE Score) and 25% are filled on merit basis.

Applicants must have 50% aggregate in Physics, Chemistry and Mathematics in their Senior Secondary Board exams to be considered for admission.

CORE COURSES:

- Advanced-Data Structure
- Database Management Systems with SQL
- Programming with C++
- Digital Electronics
- Operating System
- Mathematics-III
- R- Programming
- Programming in Java
- Computer Organization and Architecture
- Discrete Mathematics
- Design and Analysis of Algorithm
- Formal Languages & Automata
- Web Technology
- Computer Networks
- Compiler Design
- Advance JAVA Programming
- Machine Learning and its Applications
- Neural Networks

**COMPUTER SCIENCE & ENGINEERING (CSE)****ELECTIVES:**

- Software Engineering
- Digital Image Processing
- Computer Graphics
- Distributed System
- Software Testing
- Soft Computing
- Internet of Things
- Network Security and Cryptography
- Foundations Of Blockchain Technology
- Cyber Forensics And Cyber Laws
- Nanoscience And Nanotechnology
- Software Project Management
- Data Science with R-Programming
- Soft Skills and Interpersonal Communication
- Communication Skills for Professionals

Computer Science & Engineering

Studying Computer Science Engineering from one of the Top Computer Science Engineering College in India, builds a base of fundamentals in programming and computational theory to provide a solid foundation of knowledge and skills for applying digital processes effectively to issues of broad interest in a global society. A career in Computer Science Engineering: Software Developer, System or Research Analyst, Computer Programmer System Designer, Network Engineer, Database Administrator, IT Analyst, System Tester, Quality Assurance, Project Manager and many more.

CSE (AI & ML)

CORE COURSES:

- Advanced-Data Structure
- Database Management Systems with SQL
- Artificial Intelligence
- Programming for Data Science and AI
- Operating System
- Digital Electronics
- Computer Networks
- Programming in Java
- Computer Organization and Architecture
- R- Programming
- Design and Analysis of Algorithm
- Formal Languages & Automata
- Discrete Mathematics
- Compiler Design
- Predictive Analytics
- Machine Learning and its Applications
- Big Data Analytics
- Statistical Computing
- Deep Learning
- Intelligent and Expert System

CSE (Artificial Intelligence & Machine Learning)

ELECTIVES:

- Software Engineering
- Digital Image Processing
- Web Technology
- Computer Graphics
- Distributed System
- Software Testing
- Soft Computing
- Advance JAVA Programming
- Network Security and Cryptography
- Foundations Of Blockchain Technology
- Cyber Security Threats
- Cryptocurrency With Ethereum
- Software Project Management
- Data Science with R-Programming
- Soft Skills and Interpersonal Communication
- Communication Skills for Professionals

CSE (Artificial Intelligence & Machine Learning)

Dronacharya offers B Tech. in CSE (Artificial Intelligence and Machine Learning). AI& ML presents a solid foundation in the values and technologies that underlie many aspects of Artificial Intelligence, including logic, knowledge representation, probabilistic models, and machine learning. Study CSE (in AI & ML) from Best Placement Engineering College in Haryana. Major Job profiles related to AI&ML are: Innovations Engineers, Machine Learning Engineers, Applied AI Engineers, Data Science Engineer, Data Scientist, Head (Analytics) e-Commerce, Senior Developer ML, Data Modeler, AI & ML Expert etc.

CSE (IOT & CYBER SECURITY)

CORE COURSES:

- Advanced-Data Structure
- Database Management Systems with SQL
- Programming with C++
- Foundations of Blockchain Technology
- Operating System
- Mathematics-III
- Introduction to Internet of Things
- Programming in Java
- Computer Organization and Architecture
- Microprocessor and Micro-controller
- Discrete Mathematics
- Formal Languages & Automata
- Cryptocurrency With Ethereum
- Computer Networks
- Compiler Design
- Advance JAVA Programming
- Cloud Computing
- Neural Networks
- Design and Analysis of Algorithm

CSE (IoT and Cyber Security including Block Chain Technology)

ELECTIVES:

- Software Engineering
- Digital Image Processing
- Computer Graphics
- R – Programming
- Software Testing
- Big data analytics
- Internal Technologies
- Advance Database Management System
- Machine Learning
- Cyber Forensics And Cyber Laws
- IOT for Industries
- Advanced Computer Architecture
- Data Science
- Soft Skills and Interpersonal Communication
- Communication Skills for Professionals
- Natural Language Processing

CSE (IoT and Cyber Security including Block Chain Technology)

Best Computer Science Engineering College in Delhi NCR offers B.Tech in CSE (IoT & cyber security including Blockchain Technology) offered at DCE, that familiarizes students with the sensible and operational aspects of IoT and cyber security and also provides them an exciting career within the domain. The career prospects include job roles in IoT Product Managers, IOT Architect, IOT Developer, IOT based products development firms, Blockchain quality engineer, Blockchain developers, Blockchain project managers etc also the opposite available job roles might be Security Architect, Penetration Tester, Ethical Hacker, Chief Information Security Officer (CISO) etc.

CORE COURSES:

- Analog & Digital Communication Systems
- Electromagnetic Field Theory
- Digital Electronics
- Network Analysis and Synthesis
- Mathematics-III
- Signal & Systems
- Microprocessor & Microcontroller
- Electronic Measurement & Instrumentation
- Microprocessor & Interfacing
- Computer Organization & Architecture
- Internet of Things
- Probability Theory and Stochastic Processes
- Digital System Design
- Digital Signal Processing
- Wireless & Satellite Communication
- Control System Engineering
- Microwave & Radar Engineering
- VLSI System Design
- Computer Networks

**ELECTRONICS AND COMMUNICATION (ECE)****ELECTIVES:**

- Information Theory and Coding
- Bio-Medical Electronics
- Digital Image Processing
- Robotics & Automation
- Wireless Sensor Networks
- Mobile Communications
- Power Electronics
- Optical Fibre Communication
- Neural Networks & Fuzzy Logic
- Object Oriented Programming with C++
- English for Professionals
- Software Engineering
- Big Data & Analytics
- Digital Audio Processing
- Solid & Hazardous Waste Management

Electronics and Communication

B.Tech in Electronics and Communication opens up great career prospects which make our life easier and enjoyable such as Television, Radio, Computers and Mobiles etc. Dronacharya College of Engineering is one of the Best Electronics and Communication Engineering colleges in Delhi NCR where students deal with the electronic devices, circuits, communication equipment's satellite, mobile communication, aerospace manufacturing companies, healthcare tools manufacturing. Variety of opportunities in these sectors are Indian Telephone Industries, Civil Aviation, Defense, NPL, A.I.R, Railways, Bharat Electronics Limited, D.R.D.O, Software Engineering, Hardware Manufacturing, and VLSI design, Television Industry etc.

CORE COURSES:

- Advanced Data Structure
- Database Management Systems with SQL
- Digital Electronics
- Network Analysis and Synthesis
- Digital Electronics
- Introduction to AI & ML
- Probability Theory and Stochastic Processes
- Analog and Digital Communication
- Electronic Devices and Circuits
- Computer Organization & Architecture
- Design and Analysis of Algorithm
- Electromagnetic Field Theory
- Discrete Mathematics
- Operating System
- Digital Signal processing
- Automata theory and compiler Design
- Computer Network
- Java Programming
- Computer Network
- Microcontroller & Embedded System
- Microprocessor & Interfacing

ELECTRONICS AND COMPUTER ENGINEERING (ECS)

**ELECTIVES:**

- Electronic Measurement and Instrumentation
- Artificial Intelligence
- Object Oriented Programming using C++
- Mobile applications development
- Introduction to Cyber Security
- Neural Network
- Introduction to AI&ML
- Optical Fibre Communication
- Data Science
- Object Oriented Programming with C++
- English for Professionals
- Electrical Power Generation
- Reliability Engineering
- Computer Communication
- Software Engineering

Electronics and Computer Engineering

B.Tech in Electronics and Computer Engineering, which is a cross-discipline, integrated program that explores the exciting interface between the two subjects, keeping in sync with the latest developments that cross the boundary between hardware electronics, software and computer systems.

The industries or specialisms enrolled students could work in: VLSI Design, telecommunication industry, internet technologies A.I.R, Railways, Bharat Electronics Limited, D.R.D.O, Software MNCs, Embedded System, Artificial Intelligence, Image Processing, Internet of Things.

CORE COURSES:

- Fluid Mechanics
- Thermodynamics
- Industrial Automation
- Production Process-I
- Strength of Materials
- Machine Tools and Machining
- Mathematics-III
- Kinematics of Machine
- Instrumentation and Control
- Production Process-II
- Computer Aided Design and Manufacturing
- Applied Thermodynamics
- Internal Combustion Engines and Gas Turbines
- Design of Machine Element-I
- Heat Transfer
- Refrigeration And Air Conditioning
- Entrepreneurship Development
- Operation Research
- Design of machine Element-II

**MECHANICAL ENGINEERING (ME)****ELECTIVES:**

- Strength of Material-II
- Welding Technology
- Power Plant Engineering
- Composite Materials
- Robotics Engineering
- Computer Graphics & product modeling
- Database Management Systems
- Intellectual Property Rights
- Project Management
- English for Professionals
- Managing Innovation & Entrepreneurship
- Gas Dynamics and Turbo machine
- Microprocessor application in Automobile sector
- VLSI System Design
- Cloud Computing
- Information Theory and Coding

Mechanical Engineering

The B.Tech in Mechanical Engineering course offered at Dronacharya is designed to equip students with a unique blend of skill sets that involves production, designing and operations of machines. Mechanical Engineer thinks design, realizes new products and processes, improves and optimizes existing technologies.

Job opportunities: aerospace, automotive, manufacturing, nuclear technology, robotics, biomedical technology, energy systems and operations management.

Robotics & Automation

CORE COURSES:

- Strength of Materials
- Thermodynamics
- Object Oriented Programming using C++
- Digital Electronics
- Power Electronics & Drives
- Control System Engineering
- Kinematics of Machine
- Computer Aided Design & Manufacturing
- Statistics And Numerical Methods
- Introduction to Robotics
- Sensors And Instrumentation
- CNC Machine and Metrology
- Microprocessors And Microcontrollers
- Hydraulic & Pneumatics
- Automation System Design
- Field And Service Robotics

ROBOTICS AND AUTOMATION (R&A)

ELECTIVES:

- Industrial Automation
- Maintenance and Safety Engineering
- Augmented Reality and Virtual Reality
- Mechatronics
- Intellectual Property Rights
- Neural Network and Deep Learning
- System Modelling and Simulation
- Machine Vision System
- Biosensors
- Image Processing
- Cloud Computing
- Microprocessor application in Automobile sector
- VLSI System Design
- English for Professionals

Robotics and Automation

Robotics and Automation Engineering provides expertise in Robotics, Automation, Mechatronics, Autonomous system. R&A Engineering focuses on the design analysis and control of robots, autonomous vehicles, and other complex technical systems. Students of R&A acquire multi disciplinary skills which are the demand of today's corporate and business world.

Job opportunities: Robotics engineer, Robot technician, Robot operator, Automation and Robotic Engineer.

DCE Academic Life

Year 01

Common Courses

Year 02

Compulsory Disciplinary Courses

Year 03

Compulsory Disciplinary Courses

Year 04

Electives & Practice School I

Summer Break

Students usually work as interns in the areas of their interests for Summer Internship (04 Weeks) and NPTEL Courses (04 Weeks)

Internship & Mini Project

Students engage in a 1 month Internship organised by the institute and NPTEL Courses for Hons. Degree

Mini Project/Summer Internship

Students usually work as interns in the areas of their interests

Internship (06 months) Internal/External Project Work

Semester 01

Semester 02

Semester 03

Semester 04

Semester 05

Semester 06

Semester 07

Semester 08

Students are exposed to a diverse array of fundamental courses that establish the groundwork, they have the opportunity to engage in independent internships or training programs.

During the second and third years of the curriculum, students experience the most intense and demanding academic period. They delve deep into their Compulsory Disciplinary Courses, gaining a comprehensive understanding of their chosen field. Through projects and design assignments, students are challenged to apply their skills effectively.

Additionally, students have the opportunity to explore discipline electives, as well as humanities and open electives, which entails completing specific electives in a particular field.

In the fourth year, half of the students engage in off-campus work, while the other half stay on campus and enroll in elective courses. These elective courses offer students the opportunity to delve into their areas of interest by selecting courses from various disciplines.

Centre of Excellence

iMac LAB

Dronacharya College of Engineering, Gurugram has set up an ultra-modern “iMac Lab” comprising of latest gadgets. The lab consists of iMacs, iPad and an Apple TV. The lab aims to equip the young technocrats of various domains that drive the digital world like mobile computing, multimedia, cloud computing etc. The lab would provide great opportunity to the students to have hands-on-experience on the incredibly powerful Mac and iOS. This in turn encourages students to learn the latest technologies and start-up operations in the fields of social innovation, social change, and social entrepreneurship.

Dronacharya College of Engineering, Gurugram in collaboration with CISCO has set up CISCO Networking Academy for its students. Cisco Networking Academy transforms the lives of learners, educators and communities through the power of education technology, and career opportunities learners learn to install, operate, configure and verify a basic IPv4 and IPv6 network including configuring a LAN switch, configuring an IP router, identifying basic security threats, understanding redundant typologies, troubleshooting common network issues, connecting to a WAN, configuring OSPF in both IPv4 and IPv6, understanding wide-area network technologies, and getting familiar with device management. It is an authorized centre to provide CCNA R&S certification course training.

CISCO NETWORKING ACADEMY

e-Yantra LAB

e-Yantra Centre of Excellence is sponsored by MHRD under the National Mission on Education through ICT program which is an initiative by IIT Bombay. e-Yantra aims to create the next generation of embedded systems engineers with a practical outlook to help provide practical solutions to some of the real world problems. e-Yantra Lab Setup Initiative (eLSI) is a college level program under which colleges are encouraged to setup robotics labs. In e-Yantra Lab students learn basics of robotics and programming a robotic kit. Students have made many innovative projects with the support provided.

Centre of Excellence

PCB LAB

The PCB Centre of Excellence is equipped with the latest equipment to meet the needs of research and development activities. ECE and EEE Departments of Dronacharya College of Engineering, Gurugram have established Centre of Excellence to make students industry ready. PCB lab supports up to eight layers PCB fabrication, each plotter comes with comprehensive LPKF Circuit CAM and Broad Master Software for importing PCB data from any CAD package. Students of DCE have a great opportunity to learn through the equipment of this Lab and make themselves Industry ready.

Spoken Tutorial is a multi-award winning educational content portal. DCE, Gurugram has tied up hands with Spoken Tutorial where one can learn various FOSS (Free and Open Source Software) all by oneself. This is the First FOSS centre of Haryana in association with Spoken Tutorial Project, IIT Bombay. Spoken Tutorial Project is about teaching and learning a particular FOSS like Linux, Scilab, LaTeX, PHP & MySQL, Java, C/C++, LibreOffice etc. The courses offered are self-paced, multi-lingual and ensure that anybody with a computer and a desire for learning, can learn from any place, at any time and in a language of their choice. End-of-course online tests and certificates are available for those who wish to test their expertise in particular software. These certificates give an edge to students during placement by increasing their employability potential.

SPOKEN TUTORIAL

Centre of Excellence

ADVANCED TRAINING CENTRE

Dronacharya College of Engineering, Gurugram has developed an in house Advance Training Centre for the benefit of its students. The training centre is equipped with all modern machineries and equipment for students learning. The centre is equipped with CNC Mill Trainer with Siemens Controller, CNC Lathe HPL 100 with Siemens Controller, BMW Twinpower Turbo In-Line 4-Cylinder 2.0 Litre Diesel Engine, PLC Training Equipment Set 15182546 (provided by FESTO). Basic electro pneumatic training equipment set. Students learn by doing self with the help of the trainers. The centre enables the understanding of the operation of CNC, Drive and PLC possible with diagnosis, data backup, programme development, operation simulation and more.

ICT Computer Training is renowned nationwide for the high quality of its education and training courses. Dronacharya College of Engineering gives its students the facility to take the computer training course with ICT Academy at introductory and beginner level and gets progressed to advanced and expert levels. Students get benefitted by participating in online computer training programmes. The students have the opportunity to get certification that is recognized globally, to participate in various Hackathons and Empowerment Summit.

HONEYWELL ICT ACADEMY

Industrial Visits

At DCE, the students have been enriched with an exposure to industrial visits at regular time span. This enables them to have an exposure of the technical world along with academic curriculum.

SHORTLIST

The list of shortlisted and waitlisted students for the final placement process is to be mailed to the TPD by the company latest by a specified date.

04

INTERVIEW

Interview Process starts from 6th Semester. The placement cell allots campus interview dates to the organizations.

05

FINAL LISTING

The company needs to furnish final list of selected students by the end of the assigned interview slot.

06

Why Recruit from DCE?

Unlocking Future Success: What sets DCE apart as a preferred choice for recruitment?

01 Rigorous Academic Excellence:

At DCE, we uphold a commitment to academic excellence. Our faculty is dedicated to fostering a dynamic learning environment. With a student-centric approach, teachers focus on individualized attention, mentorship, and creating an atmosphere that encourages critical thinking and collaboration. This personalized touch ensures that graduates are not only academically sound but also possess the soft skills necessary for seamless integration into the professional world.

02 Practical Learning and Hands-On Experience:

We understand the importance of practical, hands-on experience in preparing students for the real-world demands of their chosen professions. Our institute integrates practical learning opportunities, internships, and industry projects into the academic journey, ensuring that graduates are not only knowledgeable but also possess the practical skills necessary for success in the workplace.

03 Strong Emphasis on Soft Skills:

In addition to academic and technical prowess, our institute places a strong emphasis on developing essential soft skills. Effective communication, teamwork, adaptability, and problem-solving are woven into the fabric of our educational approach. This ensures that our graduates not only excel in their roles but also contribute positively to the organizational culture.

04 Alumni Success Stories:

Our alumni have excelled in various industries, showcasing the caliber of professionals our institute produces. Many have gone on to hold key positions in reputable organizations, attesting to the quality.

05 State-of-the-Art Infrastructure and Laboratories :

At DCE, our commitment to fostering excellence extends beyond the academic realm to our world-class infrastructure and cutting-edge laboratories, making us a compelling choice for recruitment. Our facilities are not just modern but state-of-the-art, providing an environment that seamlessly integrates theory with hands-on practice.

Alumni Network

The success of an institute's alumni is the most accurate measure of its value. Our students have consistently brought us great pride in this regard. They have achieved remarkable success in various fields, ranging from top corporate positions and successful entrepreneurship to leading research and renowned faculty. Furthermore, our alumni have emerged as leaders not only in the industry but also in the nation.

Through regular meets organized by the Alumni association, our extensive alumni network engages with students, providing them with a real-life perspective and coaching and mentoring to prepare them for the challenges of the industry and beyond.
