

National Design Challenge

Challenge

Innovative design of Mobile Kiosk for Fish Vending

Last date for submission:
12th May 2022

Overview

Solution is being sort for small vendors selling fish in markets/ streets in a very informal way leading to degraded hygiene of space, safety of fish and wastage.

Challenge is for an appropriate design for maintaining the quality & hygiene of fish as well as the space around the kiosk by avoiding any spill over. Design should also facilitate circular economy based on the fish waste which could be used as a good input for other applicable sectors.

Who can participate?

(Individuals/Teams comprising of one or more organizations (One team leader + upto 5 team members))

Innovators

Technology suppliers

R&D Institutes

Engineering colleges
esp. Automobile
engineering

All Fisheries
Institutes/colleges

Design Institutes

Please note: Opportunities for scale-up may also be facilitated. Winners and other suitable designs would be connected to related stakeholders/takers via a 'Make in India' workshop.

Approach for challenge

-  Maintaining safety, hygiene of fish and space around the Kiosk
-  Facilitate circular economy based on the fish waste (fish blood/skin/bone – which can be a good input for other applicable sectors)
-  Energy efficient storage solution
-  Easy adoption & suitability for fish vendors
-  Ease of mobility
-  Low energy transportation solution
-  Low cost and affordability for fish vendors

How to Participate?

Please send the confirmation email to participate in the challenge at designchallenge-fisheries@cii.in

Post confirmation, application form along with other details will be sent to the applicant. Please note, there is no participation fee but prior registration is mandatory.

Prize Amount

First Prize Rs 1,00,000/-

Second Prize Rs 50,000/-

Along with this, high potential ideas will also be recognized by the Evaluation Panel and 'Certificate of Merit' will be awarded.
