

CCTNS Hackathon and Cyber Challenge 2023 (4th Edition)

National Crime Records Bureau(NCRB) is organizing 4th CCTNS Hackathon & Cyber Challenge with an aim to enhance skills and deepen understanding of the police personnel at ground level. It is also an endeavor of NCRB to evolve Innovative ideas and solutions for solving day-to-day challenges faced by police. This is being organized in collaboration with CyberPeace Foundation.

A total of 9 awards will be given across 3 tracks (3 awards in each track). The winners will receive trophies, certificates and industry sponsored kits. The winners will also get an opportunity to network with senior officers, administrators, industry experts and policy makers in the field.
