ISEA - ISAP 2026
CAPTURE THE FLAG (CTF) HACKATHON

Organized by

Centre for Cybersecurity, Trust and Reliability (CyStar), IIT Madras in collaboration with exploiitm

Ready to test your cybersecurity skills?
The ISEA–ISAP 2026 Capture The Flag (CTF) Hackathon brings together students from across the country to solve real-world cybersecurity challenges in a competitive environment.

Why Participate?
- **Learn by Doing** - Hands-on exposure to real cybersecurity challenges
- **Compete** - Test your skills in a fast-paced CTF competition

Take the challenge. Prove your skills. Secure the future.

Event Structure:
Phase 1: Online Qualifier (Jeopardy-style CTF)
24 Hours | Online | 27-28th December 2025

Phase 2: Onsite Finals @ IIT Madras from 16-18th January 2026
Embedded & Systems Security Challenges

Team Guidelines
- **Team Size:** 2–3 members per team
- **Onsite Finals:** Qualified teams must be physically present at IIT Madras.
- **No remote participation Allowed.**
