May

Webinars & Enablement Sessions

15-25

May

Idea Submission (Phase 1)

## About the challenge

**Objective:** Get hands-on experiences contributing to the 'AI City in Lucknow' initiative on cutting-edge technologies, unleash your creativity, and build powerful AI solutions to solve real-world challenges.

**Partnership:** IBM, in partnership with AKTU, and in collaboration with the Government of Uttar Pradesh, focuses on use cases to enhance citizen services and experiences contributing to the 'AI City in Lucknow' initiative.
