DRONACHARYA College of Engineering

The WebJam

Web Development Competition

Date:

11th – 12th May, 2025

National Technology Day

1st Round – 11th May 2025

1). Teams are required to design and develop a basic interactive landing page based on a specific theme provided at the start of the challenge.
2). The landing page should effectively convey the essence of the theme while incorporating engaging visual and interactive elements to capture the attention of users.

Final Round – 12th May 2025

1). Finalist teams will be tasked with building a fully functional web solution within a tight timeframe, demonstrating their ability to think on their feet and deliver high-quality results under pressure.
