Action taken

1. NOX Sensor is to be initiated to purchase in ICE & Automobile Lab.
2. A diploma in Automotive Mechatronics (ADAM) in collaborations with Mercedes-Benz India Pvt. Ltd. is to be initiated.
3. Emphasis on application of patent by student in guidance with faculty members is to be planned.

Are the prescribed reference books easily available?	Does the course provide enough experiential learning through research, field work and project works?	Is current syllabus useful to provide job opportunities?	Is the CBCS pattern helpful to the learners?	Are the specialization/course choices appropriate for the learners?	Does the course have appropriate practical component?	Is the evaluation system appropriate?	The revised syllabus provides better understanding, knowledge and job opportunities to the students

Name of the Full Time Teacher	Designation	Is the curriculum as per the need of student?	Is curriculum easy to understand?	Is semester pattern convenient for students to learn?	Are the credits given for each course appropriate?	Does the curriculum incorporate cross cutting issues like professional ethics, human values and environment protection?	Are the prescribed reference books easily available?	Does the course provide enough experiential learning through research, field work and project works?	Is current syllabus useful to provide job opportunities?	Is the CBCS pattern helpful to the learners?	Are the specialization /course choices appropriate for the learners?	Does the course have appropriate practical component?	Is the evaluation system appropriate?	The revised syllabus provides better understanding, knowledge and job opportunities to the students

Name of the Full Time Teacher	Designation	Is the curriculum as per the need of student?	Is curriculum easy to understand?	Is semester pattern convenient for students to learn?	Are the credits given for each course appropriate?	Does the curriculum incorporate cross cutting issues like professional ethics, human values and environment protection?	Are the prescribed reference books easily available?	Does the course provide enough experiential learning through research, field work and project works?	Is current syllabus useful to provide job opportunities?	Is the CBCS pattern helpful to the learners?	Are the specialization/course choices appropriate for the learners?	Does the course have appropriate practical component?	Is the evaluation system appropriate?	The revised syllabus provides better understanding, knowledge and job opportunities to the students

Action Taken Report

- 1 Guest lectures from eminent personalities from industry and academia has to be arranged for providing exposure of latest trends in mechanical field.
- 2 Industrial visits are to be planned to every student to provide industrial exposure.
- 3 One month summer training program on “Hands on Practice in Mechanical Labs and Workshop” is to be planned for improving the skills of the students.
- 4 Industry readiness skill courses are to be planned for enhancing the employability of the students.
- 5 Research faculty were identified as per research policy of DCE to improve the research culture in department so that publications of faculty and students could increase.

Action Taken:

It was decided to launch some courses which are in demand as per the industry requirement so, we started courses like web designing and data science.

We made WhatsApp group according to the area of interest of students and alumni to enhance peer-to-peer learning.

It was decided that practical oriented subject should be aligned according to the requirement of industry.

Action Taken

A decision was taken to explore the possibility of collaboration with foreign university for the purpose of collaborative conference, faculty exchange program, internship and research project.

Some machines in workshop are old and should be replaced with new models and technology available in market to include latest trends as content beyond curriculum. Industry readiness skill courses are to be planned for enhancing the employability of the students.

Need on training on mechanical design software is identified in order to provide the skill set required for placement in industries.
