**Subject:** University Application

Hello Sir,

I'm applying for foreign universities and as I have studied under your guidance thought my college, you might receive an e-mail (official college e-mail address) from the universities, it would be helpful for my application if you reply back to them.

Thank you sir in advance.

**Attachments:** New LOR\_Minakshi Gulia.docx

Hello Sir/Mam'am,

Hope you are doing well. I was a student in your college from 2014-2018. I was in CSE-2, Roll no -17081. I passed out in 2018 and has been working in Wipro Limited (formerly Alight Solutions) since then. I am now preparing for further studies and need this below attached LOR on college letterhead. I have mentioned Yashvardhan Sir name in the letter head. Could you please tell when i can come to College for this.

Thanks,  
Minakshi

Hope you are doing well. Mam I was a student in your college from 2014-2018. I was in CSE-2, Roll no -17081. I passed out in 2018 and has been working in Wipro Limited (formerly Alight Solutions) since then. I am now preparing for further studies and need this below attached LOR on college letterhead. I have mentioned Yashvardhan Sir name in the letter head. Could you please tell when i can come to College for this.

Thanks,  
Minakshi

### Letter of Recommendation

It gives me immense pleasure to write this recommendation for Minakshi for the Master's program at your University. I have known Minakshi since 2016 when she was pursuing her fifth semester. She was my student for the subjects Web Development and Core Java (fifth semester) and Coding (seventh semester). Minakshi was a hardworking student with a keen desire to learn more about a particular subject. With her focused attitude towards studying she scored 86% in Core Java during her fifth-semester exams.

She was very attentive during class lectures and also in the lab sessions. I also evaluated her for her final year project and trained her for industrial interviews for her placements. Minakshi was very keen to excel in her industrial interviews and worked dedicatedly towards the same. With her dedicated efforts, she was offered a placement with Alight Solutions (now Wipro Limited). She always came across as a sincere student.

As a student, Minakshi exhibited excellent grasping skills, and whenever a new concept or topic was taught, she quickly learned the same. She was very attentive during class and lab sessions and was always eager to know more about a topic. Her understanding of the subjects and her curiosity to know more were her strengths. During assignments, she completed her tasks on time and added value to the same through her inputs, which she derived by keeping herself updated on the subject.

She was a student who went the extra mile to gain new insights on any subject. She did not get deterred by the difficulty level of the subject. Her focused approach towards research and study helped her deliver excellent results in assignments. One instance I would like to share from her seventh semester (2017), where she submitted a project on communication through the electric bulb. In this, the system will operate on an electric bulb or best tube lights that are connected with this system. In this system, you need two webcams facing opposite. A simple algorithm is written to produce "-"(dash) or "." (dots). It is simple to convert sentences to dash and dots, based on the sequence of dash and dots as we can control the intensity of the bulb. So as the bulb blinks, the webcam detects it and through simple threshold-based image processing and the interface translates the blinks back to sentences. Minakshi had a keen interest in coding and was curious to learn more on this subject. With this keen interest in coding, she sought my guidance and successfully created a website for the same project.

Along with being a good student, Minakshi was an ardent participant in extracurricular activities. She was always enthusiastic about participating in college fests and project competitions. She also represented the college in various project competitions – Dronspark- 15, PROWAR- 2016. In the Drontech-15 event, she scored the second position in the rangoli making competition. She was also a member of the college NSS camp.

Minakshi is a dedicated, focused, and sincere individual. Her ability to grasp new concepts, zeal for learning, and understanding new subjects, and pleasant nature will help her excel at your University. I strongly recommend her candidature for this program, as I believe she possesses the same academic understanding. I close my recommendation by wishing Minakshi all the best for her future.

**Subject:** Referee request from Lalit Kumar Poddar

Dear Referee,

Lalit Kumar Poddar has applied for the course Computer Science - Data Science at Trinity College, Dublin and has cited your name as a referee.

I would be grateful if you would upload a reference on their behalf.

Your reference is required in order to enable Trinity College, Dublin to assess Lalit Kumar Poddar's application.

It would be greatly appreciated if you could download and complete the [academic reference template](#).

Upon completion of the reference template I would kindly ask that you upload it via the following link: [upload reference template](#).

The Freedom of Information Act, 1997 applies to all universities in the Republic of Ireland. Information which you provide in confidence will be treated as such, except in the case of references provided by staff or bodies covered by the Irish Freedom of Information Act, 1997, which the College may be required to release to the subject of the reference. Confidential references from staff outside this jurisdiction or from bodies not covered under the Act will not be released without prior consultation with the provider.

If you have any queries regarding this request please could you contact [academic.registry@tcd.ie](mailto:academic.registry@tcd.ie)

Yours sincerely,

Dean of Graduate Studies  
Trinity College Dublin

Postgraduate Referee Report

APPLICANT: PLEASE COMPLETE THE FOLLOWING

Postgraduate Programme: MSc. Computer Science (Negotiated Learning)

Applicant name Lalit Kumar Poddar Referee Name Hansraj Yadav  
 Signature of applicant [Signature] Date 2020-11-24 Position Assistant Professor  
 Institution Dronacharya College of Engineering  
 Address Farukh Nagar, Khentawas, Gurugram  
 Phone +91-9466888822 e-mail hansraj@pcmindia.dronacharya.info

REFEREE: PLEASE COMPLETE THE FOLLOWING

- An application for admission to UCD requires evaluation from two teachers or people capable of judging the professional and academic promise of the applicant.
- Please use the second page of this form for any further comments.
- Applicants should upload the completed form to the online application system, or alternatively the referee can email the completed form as follows:  
 Non EU students – email to [internationaladmissions@ucd.ie](mailto:internationaladmissions@ucd.ie)  
 EU students – email to Travis Grotevold, NL Programme Administrator – [travis.grotevold@ucd.ie](mailto:travis.grotevold@ucd.ie)

- How long and in what capacity have you known the applicant? Faculty of subject "Data Structure Using C" in the Winter term of 2011. Post that, as an advisor for his future academics and projects guidance.
- Please rate the applicant in comparison with others whom you have known at similar stages in their careers.

	Exceptional Upper 5%	Outstanding Next 15%	Very Good Next 15%	Good Next 15%	Next 50%	No basis for judgment
Knowledge in chosen field		X				
Motivation, perseverance towards goals	X					
Ability to work independently	X					
Ability to express thoughts in speech and writing	X					
Ability to plan and conduct research	X					
Ability to get on well with peers	X					

Please indicate the strength of your overall endorsement by placing an "X" along the following scale:

X | \_\_\_\_\_ | \_\_\_\_\_ | \_\_\_\_\_  
 Highly recommended      Recommended      Recommended with some reservations      Not recommended

Farukh Nagar - 122606

### Confidential Report

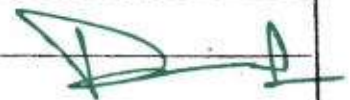

The Admission Committee would appreciate a confidential statement from you concerning the applicant named above, evaluating his / her ability to undertake graduate study in computer science. We would appreciate a frank statement regarding the potential and limitations of this applicant. Specific statements are generally more helpful than routine praise; comparisons to other successful graduates of your school are also helpful.

I am writing this reference at the request of Lalit Kumar Poddar, whom I've known closely and was my student for the subject Data Structure Using C, in the winter term of 2014, to highly recommend him for admission to the Master's programme at your university.

Indisputably, he was one of my favourite students from 2014 batch, who used to pay attention to details in his academics. He used to give a lot of emphasis on coding standards and the best possible logic to write the code in the most optimized way which indeed made his individual and team-based project stand out. I can still recollect him sharing his interest more towards gaining practical programming knowledge. He displayed it in assignments and projects where he even supervised his team with his ability to critically evaluate the problem statements and coming up with different ways to achieve them. Following the sequential pathway of plan, design, develop, test and presenting to perfection, he exhibited the expertise, capability of a software professional. He was quick in logical thinking in classroom and lab sessions as well where he used to quickly solve the pattern-based coding questions.

He was one of those who was a disciplined and well-organized student, maintaining the right balance between college events and submission of his assignments, projects, and research work. An autodidact already, for instance, made one application in final year on .Net framework which was never taught at the university. And this self-taught feature of his proved to be beneficial for him in getting an internship which only a handful of students received. Moreover, he amazed me as to how his influence made his friends' marks and knowledge improved over critical programming subjects over the years.

I believe that Lalit's strong self-learning and dynamic leadership abilities, coupled with thorough analytical thinking and dedication towards what he puts his mind to, makes him a highly deserving candidate for Master's in Computer Science at University College Dublin. I am free to connect with me for any further assistance.

Comparison group used for the rating above: UGRD

Size of comparison group: 70

How long have you known the applicant and in which capacity?

I have known Aakriti for 4 years as a Bachelor of Technology student at my institution. She has been a very wonderful student who not only excelled at academics but also has a great personality that made her outshine the other students of her batch. Having a strong interest in computer programming and database management she represented the institution at various

**From:** Dalhousie University Graduate Studies EREF System <eref@dal.ca>  
**Sent:** Wednesday, January 27, 2021 6:38 PM  
**Subject:** Dalhousie University E-REF request

Dear Hansraj Yadav,

You have been asked by Suchitra Dhamu to act as a referee for their application to the Master of Applied Comp Science program in Computer Science at Dalhousie University. References are a crucial part of our application processes and we appreciate your time and input.

Below is a link to a secure electronic reference system where your confidential reference form will remain available until 28-Mar-2021. Please check with the applicant for their department's submission deadline as it may be earlier than 28-Mar-2021.

In order to access the secure system, click [here](#) and follow the instructions. Please do not share this link with the applicant. Only you should have access to the electronic reference system.

If you are unable to provide this reference, please click through to the link above, click the "Accept and Continue" button, then click the "Decline" button on the following page.

If you require assistance or additional information, please reply to this email.

Thank you,

Faculty of Graduate Studies  
Dalhousie University  
Halifax, NS  
Canada

### Letter of Recommendation

It gives me great pleasure to recommend Ms. Suchitra for graduate studies at for the graduate program at your university. I have taught more than three thousand students, coming from varied backgrounds and possessing different personalities. I would place Suchitra among the top 5% of the student I have taught. I know Suchitra since the third year of her undergraduate studies since I was her faculty for Computer Network subject.

She possesses a strong background in Computer Science which enables her to reach to the depth of any technically challenging problem. Her enthusiasm towards wanting to learn more was very well appreciated by all the faculty members in our department. I particularly remember that she always asked relevant questions and never shied away from presenting herself in front of the class. Her confidence reflected in the way she used to communicate with her peers or her teachers.

Apart from her academic performance, she was also proactive in participating in various events in our college. Her keenness for being active in extra-curricular activities as well as balancing her academic score is commendable. She is a quick learner, mostly because she would always dig deep into the topic herself to completely get the grasp of the subject.

From what I have observed in the years of being her teacher, she has a very analytical mind and can do exceptionally well if she is given the right opportunity. She has the quality to work as part of a team, lead the team or even work individually with absolute determination. I believe she has the potential to stand apart in a crowd with her cheerful and bright personality.

For her superior qualities, I would recommend her for admission in the graduate program in your university. I am sure she will be a great addition to your university as she was for us. I wish her all the best.

Please feel free to contact me for any queries.

Sincerely,

Hansraj Yadav,

**Subject:** Request for Letter of Recommendation for Masters in Automotive Engineering

Dear Principal sir/ma'am,

I am Shejin Cherian and I am an alma mater of DCE, Gurugram from the batch of 2016-20, stream: Mechanical(Roll no: 19402).

I am writing to request an appointment with you to discuss a letter of recommendation for my application to pursue a **Masters degree in Automotive Engineering from Germany**.

During my time at Dronacharya College, I was consistently challenged and motivated to excel academically and personally. I believe that the education and experiences I received at DCE have prepared me well for this next step in my academic journey.

I am particularly interested in pursuing a Master's degree in Automotive Engineering because of my passion for vehicles and desire to contribute to the field of transportation. I believe that the Master's program in Germany aligns well with my goals and interests, and I am confident that this opportunity will allow me to grow both personally and professionally.

I would be grateful if you could provide a letter of recommendation on my behalf, as I believe it would be a valuable addition to my application. Since I am currently pursuing my German language course and I live very far away from college kindly suggest me a suitable time where I could meet you and discuss this further.

Thank you for considering my request.

Sincerely,

Shejin Cherian

**Subject:** [DCE ALUMNI]: Selection in MSc in Computing majors Data Analytics at Dublin City University, Dublin, Ireland  
**Attachments:** Rohan Gupta - Education in Ireland International Student Ambassador Programme 20\_21.pdf; Rohan Gupta 20210648.pdf; Rohan Gupta 20210648 Full Offer.pdf

Dear Principal Sir/Ma'am,

I am writing to you this mail in regards to my selection for Masters in the Top Universities of Ireland.

I wanted to study Data Analytics for Masters so I applied to some of the Top Universities of Ireland which are highly ranked globally and all the Universities come under the top 500 Universities ranking in the world. In addition to that Ireland is considered as the "Home" of Analytics fields even some people call its capital, Dublin the "Silicon Valley of Europe".

So due to these reasons, I applied to the following universities and got offer letters from all the Universities with scholarship and all these are "Public Universities of Ireland":

- University College Dublin (UCD)
- Dublin City University (DCU)
- Technological University Dublin (TU Dublin)
- National College of Ireland (NCI)

**In end, I accepted the offer from Dublin City University (DCU) in MSc in Computing Majors Data Analytics** due to its ranking in the "Graduate Employability Rate" which is 19th in the world and I have received the **DCU Merit Scholarship** as well. In addition to this, it is a research-oriented course, which fascinates me a lot so there was not a single to turn this offer down.

I have another good news that I have been selected as **Education in Ireland Ambassador** by the Education in Ireland which is a national brand under the authority of the **Minister for Education and Skills of Ireland**.

I am seeking all your blessings in this next "Big Move" of my life, which was not possible without your hard work and support throughout these years in building me into a Qualified, Ethical, and most importantly a better Human.

I am attaching my offer letter from Dubin City University, Scholarship letter, and Education in Ireland Ambassador Letter for your reference.

Thanks and Regards

Rohan Gupta

### DCU Merit Scholarship Programme

Dear Mr. Rohan Gupta

Congratulations!

I am writing to you to inform you that based on your academic results we can now confirm that you are the recipient of a **DCU Merit Scholarship**.

This means that you will receive a **€2000** fee reduction on the 2020–2021 Tuition Fees for your programme.

We are delighted that you will be part of the cohort of high achieving scholars joining DCU in September 2020.

As a student of DCU you will be attending a University that has consistently ranked in the Top 50 under 50 Universities. DCU has a 92% employability record and has a Business School that is ranked in the top 5% of Business Schools worldwide.

We are delighted that you have chosen to study at DCU and hope that you will continue to progress to the consistently high standard that you have shown so far in your studies.

Once again, our Congratulations. Well done on your hard work so far, and we look forward to welcoming you to DCU this coming September.

Regards,

Good Morning Sir

I am an alumnus of Dronacharya College of Engineering. I graduated in the year 2018 from the Electrical and Electronics Engineering department.

Currently, I am a student in a college in Canada. To get my degree verified, I need to get a transcript issued and attested by MDU University which needed to be mailed digitally or by post to WES Canada.

It will be helpful if you can provide me some insight into the process of getting the transcript issued by the university.

Thanks and Regards

Head of the Department

Dronacharya College of Engineering

Farrukh Nagar, Gurgaon

Sub-issue of the letter of recommendation on the letter head of the college.

Respected Mam

This is to inform you that I, Charandeep Singh (17519) student of your respected college of IT branch, currently in 7<sup>th</sup> semester. I have cleared IELTS exam with an overall score of 6.5 out of 9. I am applying to Brock University, Canada for a Masters program in fall 2018 and for further processing, I require 3 letter of recommendation from my hod and professor.

Hereby, I am attaching all the 3 formats of the letter of recommendation along with my IELTS test report form.

Kindly please issue me 3 letter of recommendation on the letterhead of college.

Thank you for your enduring assistance regarding this matter.

Looking forward to hear from you.

Yours Truly

Charandeep Singh

**Subject:** Letter of Recommendation Reminder Email

Akshat Chhabra has applied to Arizona State University for the program Electrical Engineering (Arts, Media and Engineering) (MS).

An online recommendation form is waiting for you at [ASU's Letter of Recommendation Interface](#). When prompted, enter the following values that uniquely identify you to the recommendation system.

Recommender ID: 7ce350ab-9d53-4957-ab2e-9f8ffed97674 Validator: 434777

This electronic Letter of Recommendation is designed for ease of use and will save you time in providing the necessary information. If you are unable to provide a recommendation, you can decline by checking the appropriate box on this form.

Please do not reply to this email. If you have questions or need assistance, please contact us at [askee@asu.edu](mailto:askee@asu.edu) or 480/965-3424.

We appreciate your response at your earliest possible convenience. Thank you for your time and support of Akshat Chhabra.

If you're unable to click on the link above, please copy and paste this link into your browser:

Test Date  
29 Jan 2019  
Overall 7.0      Listening 7.5      Writing 6.0      Reading 6.5      Speaking 8.0

Your official test report will be posted to you 13 days after the test. Please note the preview of your IELTS result cannot be used as official confirmation of your test result.

Overall Band Score

Overall	7.0	Good User	The test taker has operational command of the language, though with occasional inaccuracies, inappropriate usage and misunderstandings in some situations. They generally handle complex language well and understand detailed reasoning.
Test	Score	Your result explained	Advice to improve your score
Listening	7.5	Test takers at Band 7.5 can typically follow extended speech and understand detailed instructions to complete tasks, including some involving complex ideas. They can identify ideas, attitudes, opinions or purposes which are implied by the speaker but not directly stated. They can easily understand meaning, including references within and between sentences, without having to process individual words and structures. They can understand a wide range of vocabulary, including some idiomatic, technical, and academic language, even when the language and ideas are complex.	Listen to current affairs and documentary programmes, or online talks, without pausing or repeating the recording. Try to remember as much as you can, including new words, main ideas, specific points, and their relationship to each other. Afterward, reconstruct what you've heard. How much are you able to reconstruct? Listen more and try to increase the amount that you can reconstruct. When speakers don't directly say what they mean, we use strategies to guess their meaning. What are some of these strategies that you use in your own language? Use the same strategies to understand them in English.
Reading	6.5	Test takers at Band 6.5 can typically deal with a range of factual and opinion-based texts that may be relatively complex and dense with information. They are good at using their vocabulary knowledge to create meaning, both within and across sentences, on a range of general topics and some specialised ones. They can understand implied meanings, and have some ability to understand somewhat complex opinions and arguments. They can generally use reading strategies such as skimming and scanning, and can generally synthesize information and draw inferences.	Try to read different types of texts, including general and academic texts, and not just in your subject area. In general interest articles, the main point may come in a different place than you expect. In academic texts there will be fewer opinions, or they may be harder to spot. On the other hand, they can be dense with information. Be aware of the differences, and adjust the reading strategies you use depending on the text you're reading. Decide when to read carefully and when to read quickly. In any case, you may want to give yourself a set amount of time, so that even your careful reading is done more quickly and efficiently.

  
Principal  
Dronacharya College of Engg.  
Farrukh Nagar - 126006

Speaking	8.0	<p>Test takers at this band can typically speak fluently and at a natural speed, with only occasional repetition or self-correction. Hesitation is usually to find ideas, and not to find words or grammar. Speaking is well-organised, ideas are clear and well linked, and topics are well developed. They use a wide range of natural, accurate and idiomatic vocabulary to discuss all topics, although with occasional errors in word choice, and can paraphrase well if needed. They can use a wide range of grammar structures. Most sentences are accurate, with only occasional errors. Pronunciation is generally natural and clear, with only occasional minor problems. They are always easy to understand, and their accent has very little effect on understanding.</p>	<p>Talk to other people about abstract and difficult current issues. Also try giving a talk on those topics, doing this twice, using different vocabulary and grammar structures each time. Ask yourself: Which words and structures worked best? Why? How might I express them even better? Then, try again, talking for longer and more smoothly until you think you have delivered your ideas in the best possible way. Continue to engage with natural English language materials and TV or on the internet. Pay attention to speakers' pronunciation. In particular, note how they use things like intonation and pauses to help convey what they are trying to say. Then, think of how you might incorporate those in your own speaking.</p>
Writing	6.0	<p>Test takers at this band can typically address all parts of the question, some more fully than others. (AC) They can give an overview. (GT) The letter has a generally clear purpose; the tone is sometimes not consistent. Key features and bullet points are covered. The point of view and main ideas are relevant but the conclusion(s) may be unclear. Some details might be irrelevant or wrong. Test takers can arrange their ideas logically, so that the writing has a clear progression from start to finish. They are able to use some linking words well, but others with mistakes. They can paragraph their Task 2 writing, although not always logically. They have enough vocabulary to answer the question. They try to use some less common words. They make some spelling mistakes, but the reader can still understand. They can write a mix of simple and complex sentences. The grammar and punctuation mistakes do not usually cause difficulty for the reader.</p>	<p>Practice writing to give information and make arguments. Make sure you cover all the points that need to be covered, providing supporting ideas and details. Reread your work and see if you can make your points clearer. Is the ordering of your ideas logical? Sometimes, rearranging them can make things clearer. You can also try joining up or separating sentences, using the right connecting devices, and changing where you divide your paragraphs. Continue to develop your vocabulary. Words can be similar in meaning but differ in formality, in their tone, and in their implications. Focus on learning the best words to use for the writing task, the situation, and what you want to say. Challenge yourself by producing sentences that are more complex. If you make mistakes with them, don't worry too much; just check and see how you can fix them.</p>

**Disclaimer:**

The preview of your test result is provisional and may not be used as official confirmation of your achievement.

Your test centre or the IELTS partners will not accept any responsibility in the event that your result fails to display here, whether due to technical fault or administrative procedures.

Please note that the provision of this feedback and advice is to be used for guidance only.

## About Your GRE® Score Report

## Score Reporting Policies

With the *ScoreSelect*® option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the *Bulletin* for the current testing year supersede previous policies and procedures in previous bulletins.

Scores will be sent to designated score recipients approximately 10-15 days after a computer-delivered test and 5 weeks after a paper-delivered test. If your scores are not available for any reason, you will see "Not Available" in Your Test Score History.

GRE test scores are reportable according to the following policies:

- For tests taken prior to July 1, 2016, scores are reportable for five (5) years following the testing year in which you tested (July 1 – June 30). For example, scores for a test taken on May 15, 2015, are reportable through June 30, 2020. GRE scores earned prior to August 2011 are no longer reportable.
- For tests taken on or after July 1, 2016, scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2016, are reportable through July 2, 2021.

Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

## Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

## Retaking a GRE Test

You can take the *GRE® General Test* *once every 21 days*, up to *five times* within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can take the paper-delivered GRE General Test and *GRE® Subject Tests* as often as they are offered.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

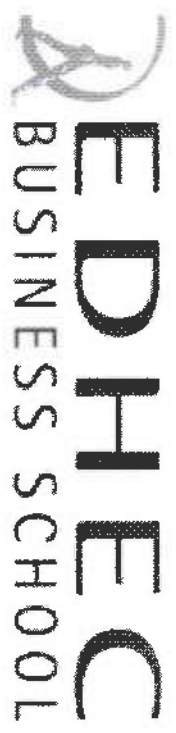

## For More Information

For information about interpreting your scores, see *Interpreting Your GRE Scores* at [www.ets.org/gre/understand](http://www.ets.org/gre/understand).

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

If you have any questions concerning your score report, email GRE Services at [gre-info@ets.org](mailto:gre-info@ets.org) or call 1-809-771-7670 or 1-866-473-4373 (toll free for test takers in the U.S., U.S. Territories and Canada) between 8 a.m. and 7:45 p.m. (New York Time).

Dronacharya College of Engg.  
Barrukh Nagar - 122503

Speaking Skills		Level*	Your Performance
Speaking about Familiar Topics	Limited		Your responses indicate some difficulty speaking in English about everyday experiences and opinions. Listeners sometimes have trouble understanding you because of noticeable problems with pronunciation, grammar, and vocabulary. While you are able to respond partially to the questions, you are not able to fully develop your ideas, possibly due to limited vocabulary and grammar.
Speaking about Campus Situation	Fair		Your responses demonstrate an ability to speak in English about reading material and experiences typically encountered by university students. You are able to convey relevant information about conversations, newspaper articles, and campus bulletins; however, some details are missing or inaccurate. Limitations of grammar, vocabulary, and pronunciation at times cause difficulty for the listener. However, they do not seriously interfere with overall communication.
Speaking about Academic Course Content	Fair		Your responses demonstrate that you are able to speak in English about academic reading and lecture material, with only minor communication problems. For the most part, your speech is clear and easy to understand. However, some problems with pronunciation and intonation may occasionally cause difficulty for the listener. Your use of grammar and vocabulary is adequate to talk about the topics, but some ideas are not fully developed or are inaccurate.
Writing Skills		Level*	Your Performance
Writing based on Reading and Listening	Fair		You responded to the task, relating the lecture to the reading, but your response indicates weaknesses such as <ul style="list-style-type: none"> <li>• an important idea or ideas may be missing, unclear, or inaccurate;</li> <li>• there may be unclarity in how the lecture and the reading passage are related; and/or</li> <li>• grammatical mistakes or vague/incorrect uses of words may make the writing difficult to understand.</li> </ul>
Writing based on Knowledge and Experience	Good		You responded with a well-organized and developed essay. Weaknesses, if you have any, might have to do with <ul style="list-style-type: none"> <li>• use of English that is occasionally ungrammatical, unclear, or unidiomatic and/or</li> <li>• elaboration of ideas or connection of ideas that could have been stronger.</li> </ul>

THIS IS A PDF SCORE REPORT, DOWNLOADED AND PRINTED BY THE TEST TAKER.

This score report provides four section scores and a total score. An analysis of your strengths and weaknesses in English is included. The level pertaining to each skill should not be generalized beyond the performance on this test. Skill levels and their associated descriptions are not intended for use by institutions as part of their admissions criteria and will not be shared unless you grant permission.

**Information About Scores:** The following scaled scores are reported for the TOEFL iBT test. A total score is not reported when one or more sections have not been administered. These scores have the following ranges:

Sections	Scaled Scores
Reading	0-30
Listening	0-30
Speaking	0-30
Writing	0-30
<b>Total Score</b>	<b>0-120</b>

Score Legends:

Reading Skills	
Level	Total Scaled Score Range
High	22-30
Intermediate	15-21
Low	0-14

Speaking Skills	
Level	Total Scaled Score Range
Good	26-30
Fair	18-25
Limited	10-17
Weak	0-9

Listening Skills	
Level	Total Scaled Score Range
High	22-30
Intermediate	14-21
Low	0-13

Writing Skills	
Level	Total Scaled Score Range
Good	24-30
Fair	17-23
Limited	1-16
Score of Zero	0

**Institution Codes:** The code numbers shown on page 1 of this report are the ones you selected before you took the test. If any institution code you selected is missing, it was incorrect and the TOEFL® Program was unable to send a score report to that institution.

DEPT.	WHERE THE REPORT WAS SENT
00	Admissions office for undergraduate study or an institution or agency that is not a college or university
01, 04-99	Admissions office for graduate study in a field other than management (business) or law according to the codes selected when you registered
02	Admissions office of a graduate school of management (business)
03	Admissions office of a graduate school of law

Additional information about TOEFL iBT scores can be found on the Test Takers section of the TOEFL website at [www.ets.org/toefl](http://www.ets.org/toefl).

\* Skill levels for speaking and writing individual skills are estimates of performance at the *item* level. The total writing and speaking scaled scores and ranges are more accurate. Therefore it is not appropriate to combine the individual skill levels. Doing so may lead to apparent inconsistencies between the diagnostic feedback and reported writing and speaking scores.

**IMPORTANT NOTE TO SCORE USERS:** This is a PDF score report, downloaded and printed by the test taker. Therefore, ETS cannot guarantee that it has not been altered. To verify the scores on this report, please contact the TOEFL Score Verification Service at +1-800-257-9547 or +1-609-771-7100. Scores more than two years old cannot be reported or validated.

## Letter of Recommendation

I am pleased to write this reference letter in support of Aditya Goswami who is applying to the Master of Engineering program in Robotics at your esteemed University. I have known Aditya Goswami in my capacity as the head supervisor of the E-Yantra Lab (Robotics lab) since 2015. I personally guided and supervised his following projects, 'Puzzle Solver Robot with A Mechanical Arm' (2015), 'Explorer Bot' (2016), and 'Robotic Guide For Visually Impaired People' (2017), in 5<sup>th</sup>, 6<sup>th</sup> and 7<sup>th</sup> semester respectively, each a 5/6-month long project in E-Yantra National Robotics Competition organized by IIT-Bombay.

In his every effort, he has displayed his adeptness, skills and keen interest to gain knowledge in the field of robotics. Due to his critical thinking in robotics and his background in Computer Science will surely give him an edge over his peers. Hence, according to me observing his enthusiasm and competence in robotics, he has rightly decided to pursue masters in Robotics Engineering.

It was a rich experience supervising Aditya's team during the development of the projects as each required dedication, thorough research and study of various subjects that were outside their course curriculum. With the team's relentless efforts to bring out the best in task given to them, the projects progressed at a good pace. I was happy to observe that Aditya was not just improving his skill set in robotics but also himself overall as a team player. Eventually, his team achieved an overall 10<sup>th</sup> rank in the project 'Puzzle Solver Robot with A Mechanical Arm' and his project 'Robotic Guide For Visually Impaired People' was the only one to get selected as a business idea by IIT-Bombay from our college. Not only these achievements testified to his commitment and sheer interest in robotics but also made us all at the department proud.

Aditya has been blessed with an inherent quality of working hard, he would now and then stay back after classes to learn more on topics like image processing, localization and navigation using ROS (Robot Operating System) and embedded programming for ATmega micro-controllers; ever eager to learn about robotics, his interest, always an addition to the values in projects. He is adamant to solve the problem on his own but simple enough to ask for help if not solved. Punctuality was shown in his tasks, let it be attending classes in daytime and completing the given tasks modules in the given time. Only due to these qualities I believe that he will be able thrive in the harsh environment of a masters' program.

Initially he was quiet and introvert which made him to work mostly alone but then he went on to be more sharing with his team members and became trusted member on whom the team could rely upon. His personality development also led him to grab a position at IEEE SSN (Student Section Network) team where he got a nationwide exposure to cultural, educational, entrepreneurial as well as technological advancements. He along with SSN team organized several tech fest, exhibitions and entrepreneurial visits to tech giants like Google, HCL, IBM etc. His SSN team even organized events such as 'misfits' where CEOs and founders of several companies like UBER, Paytm etc. gave lectures and joined discussion panels.

I have the deepest personal and professional respect for him, and sincerely believe Aditya Goswami will bring his unique energy, optimism, passion, and tireless creativity to your class and University as a whole. Thus, he has my highest endorsement for admission into his desired course at your University. If you have any questions about this recommendation, please do not hesitate to contact me for I will gladly try to help.

Sincerely,

Prof. Chandra Shekhar Singh

**Subject:** Request for reference letter for Gupta, Spardha

NOTE: This reminder email is being sent on behalf of the applicant through an automated system.

You have been listed as a reference by Spardha Gupta ([spardha22@gmail.com](mailto:spardha22@gmail.com)), who has applied to the Computer Science and Engineering program for the MS degree at Penn State. The graduate program in Computer Science and Engineering would very much appreciate it if you would complete a reference evaluation form for this applicant through our online Reference Submission Portal.

To access and complete a recommendation, please go to the Reference Submission Portal at: <https://secure.gradsch.psu.edu/app/ref/> and log in with the assigned credentials.

**User ID (email address):** [hodcse@ggnindia.dronacharya.info](mailto:hodcse@ggnindia.dronacharya.info)

**Password:** 15931

**First Initial of Applicant:** S

**Last Name of Applicant:** Gupta

PLEASE SAVE THIS INFORMATION FOR FUTURE REFERENCE

Completing your recommendation online is easy, reliable, and completely secure. Penn State prefers online submission of recommendations as it streamlines the entire admissions process.

Remember to log in at <https://secure.gradsch.psu.edu/app/ref/> with the credentials provided above.

Thank you from Spardha Gupta and Penn State.

**Subject:** Application for Transfer Certificate/Leaving Certificate

Respected Sir,

I, Devinder Kumar Barwal student of batch 2014-2018 roll no 17366 has been selected for the MBA program from Symbiosis International University. As complying with the University norm I have to submit the original Transfer Certificate/Leaving Certificate for the verification process.

Due to the ongoing pandemic of COVID 19 colleges, university, transportation facilities have all been shut down,

I am writing this mail to get some information on how can I get the certificate. Is it possible to get the scanned online copy of the certificate?

Kindly reply with the relevant information regarding the same. I will be grateful to you.

Thanking you

**Subject:** Regarding Transfer Certificate/College leaving Certificate for 2013-17 passout student  
**Attachments:** 20190701-110737\_p0.pdf

Respected Sir,

I am Masoom Jain, had college roll no. 16399, a Mechanical engg. student of batch 2013-17. I am proud to be a Dronacharyan, had very good 4 years with the institution.

I have recently got admitted to NIT Rourkela to pursue higher education for which i need Transfer Certificate/College leaving certificate from my previous college, i already got migration certificate from university (MDU) but they also need TC from previous college.

Please help me out here and share the procedure to obtain TC as soon as possible. Immediate help will be highly appreciated.

I have attached a pdf file giving details of wanting documents by administration of NITR.

Thank you.

Yours Sincerely,

Masoom Jain

Dear Ashish,

I'm thrilled to let you know that you have been admitted into our full-time **MBA** program beginning in fall 2018! I'm also excited to share that you've received a \$50,000 per year scholarship - congratulations!

Look out for your formal offer in an admission package next week. You will also receive separate emails with the information you need to submit your reply and your tuition deposit. Once you've had a chance to review this information, please contact me if you have any questions, and send your reply no later than **April 4, 2018**.

In the meantime, you can find all of the information you need, including access to your financial aid documents and links to other important resources, on our [admitted student website](#).

We also invite you to get to know other admitted students through our [Facebook group](#) and [WhatsApp group](#), and to register for our [admitted student open](#)

house on **March 23-24!**

Feel free to reach out with any questions. Congratulations again, and welcome to Boston University!

All the best,

Maya

**Subject:** Request for letter of recommendation

Dear HOD ,

Greeting of the day,

I am applying to the **MS program in UK universities** in September 2021 intake and am writing to ask **if you would be willing to write a letter of recommendation in support of my application.** I am planning to specialize in Sales and Marketing course. I would also like to further increase my understanding of Marketing management.

I believe that the 4-year course I have taken from the college has helped me to develop a solid foundation for my graduate studies in Electronics and communication.

I plan to apply for September 2021 intake and the application is now due because of my LOR.

So, I request you to provide me LOR as early as possible so that I can submit my application and will process for the scholarship.

**Subject:** Not able to attend convocation program

Respected Sir

With your due respect I want to say that I am a student graduating in the session 2017-18 from your college. I am living in Italy, due to this I am not able to attend the convocation program. On the behalf of me my grandpa will come to take the degree. So I kindly request you to give my degree to my grandpa.

I shall be very thankful to you for this kindness.

Yours Faithfully

**Subject:** Application for recommendation letter

Morning sir,

I'm your final year student studying in 7 semester. it's my pleasure to inform you on time that I'm applying for masters in automotive engineering in UNIVERSITY OF BATH situated in UK.

so, sir I'm writing this mail to you because for which I need two recommendation letters from your side.

As one of the organisation called as SI-UK helping me in taking admission in BATH UNIVERSITY, UK in next year as they need all the documents including recommendation letter before the time because this admission procedure will take time & they'll first evaluate my all the documents then doing research & then make me train for the IELTS Exam which I'll going to give around the month of march in next year 2018.

Sir I would be grateful if you could provide me the recommendation letters for my bright future ahead.

Yours Sincerely

Piyush Sharma

Student

Speaking Skills		Level*	Your Performance
Speaking about Familiar Topics	Limited		Your responses indicate some difficulty speaking in English about everyday experiences and opinions. Listeners sometimes have trouble understanding you because of noticeable problems with pronunciation, grammar, and vocabulary. While you are able to respond partially to the questions, you are not able to fully develop your ideas, possibly due to limited vocabulary and grammar.
Speaking about Campus Situation	Fair		Your responses demonstrate an ability to speak in English about reading material and experiences typically encountered by university students. You are able to convey relevant information about conversations, newspaper articles, and campus bulletins; however, some details are missing or inaccurate. Limitations of grammar, vocabulary, and pronunciation at times cause difficulty for the listener. However, they do not seriously interfere with overall communication.
Speaking about Academic Course Content	Fair		Your responses demonstrate that you are able to speak in English about academic reading and lecture material, with only minor communication problems. For the most part, your speech is clear and easy to understand. However, some problems with pronunciation and intonation may occasionally cause difficulty for the listener. Your use of grammar and vocabulary is adequate to talk about the topics, but some ideas are not fully developed or are inaccurate.
Writing Skills		Level*	Your Performance
Writing based on Reading and Listening	Good		You responded well to the task, relating the lecture to the reading. Weaknesses, if you have any, might have to do with <ul style="list-style-type: none"> <li>• slight imprecision in your summary of some of the main points and/or</li> <li>• use of English that is occasionally ungrammatical or unclear.</li> </ul>
Writing based on Knowledge and Experience	Good		You responded with a well-organized and developed essay. Weaknesses, if you have any, might have to do with <ul style="list-style-type: none"> <li>• use of English that is occasionally ungrammatical, unclear, or unidiomatic and/or</li> <li>• elaboration of ideas or connection of ideas that could have been stronger.</li> </ul>

THIS IS A PDF DOWNLOADED AND PRINTED BY THE TEST TAKER, INTENDED FOR THE TEST TAKER'S PERSONAL RECORDS.

This score report provides four section scores and a total score. An analysis of your strengths and weaknesses in English is included. The level pertaining to each skill should not be generalized beyond the performance on this test. Skill levels and their associated descriptions are not intended for use by institutions as part of their admissions criteria and will not be shared unless you grant permission.

**Information About Scores:** The following scaled scores are reported for the TOEFL iBT test. A total score is not reported when one or more sections have not been administered. These scores have the following ranges:

Sections	Scaled Scores
Reading	0-30
Listening	0-30
Speaking	0-30
Writing	0-30
<b>Total Score</b>	<b>0-120</b>

**Institution Codes:** The code numbers shown on page 1 of this report are the ones you selected before you took the test. If any institution code you selected is missing, it was incorrect and the TOEFL® Program was unable to send a score report to that institution.

**Score Legends:**

Reading Skills	
Level	Total Scaled Score Range
High	22-30
Intermediate	15-21
Low	0-14

Speaking Skills	
Level	Total Scaled Score Range
Good	26-30
Fair	18-25
Limited	10-17
Weak	0-9

Listening Skills	
Level	Total Scaled Score Range
High	22-30
Intermediate	14-21
Low	0-13

Writing Skills	
Level	Total Scaled Score Range
Good	24-30
Fair	17-23
Limited	1-16
Score of Zero	0

DEPT.	WHERE THE REPORT WAS SENT
00	Admissions office for undergraduate study or an institution or agency that is not a college or university
01, 04-99	Admissions office for graduate study in a field other than management (business) or law according to the codes selected when you registered
2	Admissions office of a graduate school of management (business)
3	Admissions office of a graduate school of law

Additional information about TOEFL iBT scores can be found on the Test Takers section of the TOEFL website at [www.ets.org/toefl](http://www.ets.org/toefl).

\* Skill levels for speaking and writing individual skills are estimates of performance at the item level. The total writing and speaking scaled scores and ranges are more accurate. Therefore it is not appropriate to combine the individual skill levels. Doing so may lead to apparent inconsistencies between the diagnostic feedback and reported writing and speaking scores.

**IMPORTANT NOTE TO SCORE USERS:** This PDF score report was downloaded and printed by the test taker. It is not an Official Score Report sent by ETS directly to an organization designated by the test taker. If you find it necessary to verify the scores on this report, please contact the TOEFL Score Verification Service at +1-800-257-9547 or +1-609-771-7100. Scores more than two years old cannot be reported or validated.

## **LETTER OF RECOMMENDATION**

It gives me immense pleasure to write this recommendation for Mr. Nishant Narula who is applying for the Master's Program at your esteemed university for fall intake. I know him from last four years as an undergraduate student at our engineering school. My acquaintance with him from last four years has given me an opportunity to observe him closely and judge his capabilities. I believe he possess all the attributes required for graduate studies.

When Nishant came to lab, he showed promise to do the practical programs effectively with the correct logic as well as the design. He proved to be a quick learner, grasping the elements of program logics and then implementing those programs in the correct logic as well as time implementation. Through his own hard work he has acquired the skill and has become an excellent student. His assignments were well-written, well-supported, organized, neat and timely. It was evident that he desired to learn more.

During his college time, Nishant worked on a project "Speak n Browse". This project demonstrated his industriousness and meticulousness as well as his sound understanding of his subject. He showed zeal, diligent and dedication which was evident that he was determined to get the results he aimed at.

In addition to his academics, he has been actively involved in various extracurricular activities on campus as well as off campus. He was the core team member of the organizing committee for Dronetech'14 and was also part of the various events held in the college. Outside the campus he participated in the Android Hackathon and won the first prize there.

Based on my assessment of Nishant's credentials in the past few years, I strongly recommend his induction into your prestigious university. I wish him a great future ahead.

Dr. Vishal Bharti

**Subject:** Informing about my admission to the University of Maryland, College Park  
**Attachments:** Admission to the University of Maryland Engineering.pdf; Mega ATV Result.pdf; Overall-Ranking Aero Design Challenge.pdf

Sir/Ma'am

Greetings of the day

My name is Nikhil Mehra and I am an alumnus of the prestigious DCE, Gurguram. I want to inform you that I am going to the University of Maryland, College Park (UMD) to pursue my Masters in Robotics Engineering. The University of Maryland, College Park is one of the best public institutions in the United States. The University is ranked 126 according to the QS Global World Ranking 2019 and its robotics program is ranked among the top 20 programs in the United States.

I am truly grateful to my alma mater, Dronacharya College of Engineering and all its faculty members without whom love and support I would not be able to achieve this milestone in my life. On a further note, I would especially like to thank HOD Prof. Chandra Shekhar Singh (ECE Dept.), former HOD Prof. Anil Kumar Gillawat (ME Dept.), former HOD Prof. Neha Singla (CSE Dept.) and former Dean Prof. K.K Singh. Also, I would like to thank all the faculty of Mechanical, Electrical and Computer Science Departments who helped me in all my endeavors.

Though I am in debt to the never-ending support I have received from the faculty and college and I don't really know how would I be able to repay it. But I would like to point out the inability of the institution to provide financial support to students projects. I believe CSE Dept. is way ahead of others departments in terms of project and competitions because mechanical(tangible) projects need some initial investment which students are unable to afford.

1. Aero Design Challenge(1st-time college participation), a team of six, approx cost of Rs 1 Lakh, achieved 16th rank in Aero Design Challenge 2017 held at Chennai and was still not considered for Rs 20,000 scholarship from college. The project and all its pieces of equipment are in E-yantra Lab submitted for the motivation and welfare of upcoming students.

2. All Terrain Vehicle(4th-time college participation and 1st-time in a dynamic event), a team of 40 students(from first to fourth year from Mechanical Dept.), approx cost taken per student Rs 20,000, total estimated cost project of Rs 7 Lakhs, achieved 25th position in Mega ATV Challenge 2017 and was still not considered for Rs 20,000 scholarship from college.

3. Prosthetic Hand secured first position thrice and fourth position once in different competitions, received a total of Rs 16,000 scholarship from different competitions and was still not considered for funding from college.

Principal

Farukh Nagar, 173506

At last, I request all of the faculty to keep supporting and helping students like me so that they shall be able to achieve their milestones in life.

Thank You

Warm Regards

Nikhil Mehra

16413, ME Dept.

## About Your GRE® Score Report

## Score Reporting Policies

With the *ScoreSelect*® option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the *Bulletin* for the current testing year supersede previous policies and procedures in previous bulletins.

Scores will be sent to designated score recipients approximately 10-15 days after a computer-delivered test and 5 weeks after a paper-delivered test. If your scores are not available for any reason, you will see "Not Available" in Your Test Score History.

GRE test scores are reportable according to the following policies:

- For tests taken prior to July 1, 2016, scores are reportable for five (5) years following the testing year in which you tested (July 1 – June 30). For example, scores for a test taken on May 15, 2015, are reportable through June 30, 2020. GRE scores earned prior to August 2011 are no longer reportable.
- For tests taken on or after July 1, 2016, scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2016, are reportable through July 2, 2021.

Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

## Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

NIKHIL MEHRA

Most Recent Test Date: November 2, 2017

Date of Birth: July 18, 1994

Registration Number: 2312241  
Print Date: November 15, 2017**Retaking a GRE Test**

You can take the GRE® General Test *once every 21 days, up to five times* within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can take the paper-delivered GRE General Test and GRE® Subject Tests as often as they are offered.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

**For More Information**

For information about interpreting your scores, see *Interpreting Your GRE Scores* at [www.ets.org/gre/understand](http://www.ets.org/gre/understand).

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

If you have any questions concerning your score report, email GRE Services at [gre-info@ets.org](mailto:gre-info@ets.org) or call 1-609-771-7670 or 1-866-473-4373 (toll free for test takers in the U.S., U.S. Territories and Canada) between 8 a.m. and 7:45 p.m. (New York Time).

## Letter of Recommendation

I am writing this Letter of Recommendation on request of Mr. Deepak Kumar who was a student of B. Tech. Computer Science and Engineering in Dronacharya College of Engineering, Gurgaon, Haryana, India and is now applying for graduate school.

In all his semesters Deepak was unquestionably one of the most abled students in the class and his work has consistently reflected a level of insightfulness and attention to detail that is quite unique. He always stood out among his peers for his eagerness to engage on the process of learning and discovery.

He has been quite impressive in participating and organizing the workshops and has even won a few competitions one of which was conducted by IEEE society in 2014 in which about 40+ teams had participated. He has attended many technical and non-technical events as well. He is a good team member and even a better leader when given the opportunity. He knows how to divide a task among his peers so that none of them feel the pressure of the work and get the desired result easily. This was mainly evident when he was a part of core team for coordinating the annual technical fest ie. Drontech, held in 2015.

Deepak's skills and knowledge along with his dedication and punctuality continues to impress me and I am sure it will impress you too. I can say with a definite certainty that your masters course program will help his skills to develop and sharpen even more.

He looks forward to joining your institute soon and is in anticipation of an offer of admission to the masters program. I have full confidence that he will prove to be an asset to your institution and recommend him for the same. He can successfully explore himself and will live up to your expectations. I wish him all the very best for his future.

Sincerely,

Prof.

Dronacharya College of Engineering, Gurgaon.

## Letter of Recommendation

It is a joy to suggest Mr. Shubham Verma for the Master's Program at your regarded college/College. I have referred to Shubham in my ability as his Professor for more than three years now amid which, I showed him the courses Artificial Intelligence, Software Project Management and Software Engineering in the fourth, fifth and 6th semesters separately. Through my perception, I might want to state that he is mindful and studious and dependably has an uplifting mentality towards scholastics.

He has dependably been a dynamic member in all the classroom discourses or tests and has reliably exceeded expectations in every one of the subjects that I have shown him. He has dependably presented his assignments and venture reports inside the coveted time allotment. His phenomenal execution is an aftereffect of his unmistakable ideas and clear basics through which he can get a handle on new thoughts effectively. He additionally carries overseeing aptitudes with himself and can deal with different things in the meantime. For example he has helped in overseeing and arranging distinctive Workshops/Seminars at our school with his commitment and association.

His industrious mentality is obvious from the way that separated from being remaining late after the classes to clear his questions, he tries to execute every one of the ideas for all intents and purposes. Other than this, he has awesome introduction and talking aptitudes. Over the span of their semesters, understudies are required to give an introduction on any of their subjects, he gave the introduction in his class as well as extraordinary, along these lines the educators instructed him to give introduction in different classes too.

Other than the scholarly record, Shubham's support in various workshops and courses for Software Engineering understudies held in our school, obviously shows his enthusiasm for the assembling and innovative area. As a man who is constantly prepared to assume up liability, he completes his obligations with tremendous devotion.

To make an inference from every one of my encounters, I consider him to be an understudy driven by energy. Shubham has a receptive outlook and is open to new thoughts. He will put in additional endeavours to refresh himself on the most recent advancements in the field. I have the most profound individual and expert regard for him, and genuinely trust Shubham will bring his exceptional vitality, confidence, enthusiasm, and energetic inventiveness to your class and University/College all in all. With everything taken into account, I am sure that Shubham will do to a great degree well in his picked field of training and turn out to be an inside and out entertainer. In this manner, he has my most elevated underwriting for entrance into his coveted course at your University/College. I in this manner, firmly suggest him as a potential graduate understudy at your regarded initiate. On the off chance that you have any inquiries regarding this suggestion, kindly don't falter to get in touch with me for I will readily attempt to help.

Sincerely,

Name

Designation, Department

College, City

To Whosoever it may concern:

I'm glad to compose this letter in recommendation of Shubham Verma's application to your regarded foundation. I taught Shubham for the course B.Tech . He was irrefutably a standout amongst the most capable understudies in the class and his work in the class reliably mirrored a level of knowledge and scrupulousness.

Shubham was Class Representative from Semester I to II semester. Amid his residency as Class Representative he demonstrated characteristics of initiative. He was prominent in his associate gathering as a benevolent and delicate individual who took everyone along. He has displayed papers in some National Conferences and was a piece of the College Student Development Program. His assignments and task work were constantly arranged on time, and he emerged among his associates for his energy to take part during the time spent learning and revelation. He voiced his own particular perspectives amid class exchanges, and regularly approached me for advance elucidation of focuses I canvassed in my address. In Maharishi Dayanand University the checking design for Bachelors of Technology is strict. I would request that you please think about it.

Shubham has been an outstanding student, and I am delighted to encourage and assist him in pursuit of his goals. Studying in your graduate school will help to give him the tools and the international experience that can remove any barriers to future success. I strongly recommend him for entrance to your institution.

In light of my perception of his capacities, I unequivocally trust he can possibly be a remarkable understudy at your foundation. I in this way prescribe him for admission to your Master's program. Kindly don't delay to get in touch with me for more data that you may require.

Sincerely,

Respected Sir,

My name is Dhanraj Negi and I was student of Computer Science Department from 2013-17. Recently I received this mail regarding sending of official degree attested color copy to the university I have applied in Canada.

As I know the convocation is on 12th of May 2018, but if i can get color attested copy before that it will be good for me because I have to make them receive to Canada before 15th May 2018.

Kindly let me know when it will available so that I can collect on that same day.

I have forwarded their mail to you.

Regards  
Dhanraj Negi

Dear Dhanraj,

**STUDENT ID: 139827**

Thank you for submitting your application to the Master of Information Systems Security Management program.

Your application is incomplete at this time and cannot be considered for admission until you fulfill the following requirement(s):

**Transcripts and Documentation:**

Document	Description	Due Date	Student Must Provide
Final Official Post-Secondary Transcript with Degree	An official post-secondary transcript(s) of your final marks and conferral of degree from <b>Maharshi Dayanand University</b> .	May 15, 2018	Yes
English Language Requirement	An official Test Report Form (TRF) from <b>IELTS</b> (International English Language Testing System). For information on requesting your IELTS test report form, visit <a href="http://www.ielts.org">www.ielts.org</a> . If you would like us to check your results electronically through IELTS TRF Verification Service, you must provide Concordia with a copy of your IELTS TRF taken within the last two years.	May 15, 2018	Yes

Students applying to Master of Information Systems Security Management must meet:

- § Graduate Regulations outlined in section 13.1.,
- § the General Admission requirements to the Faculty of Graduate Studies as outlined in section 13.1.1,
- § program specific requirements found in section 13.3.4.B., and
- § the document deadlines as outlined in table 13.1.1.

If you have questions, contact me at 780-479-9224, or toll free (within Canada and the United States) at 1-866-479-5200 ext. 224, or by email at [graduatestudies@concordia.ab.ca](mailto:graduatestudies@concordia.ab.ca).

We look forward to welcoming you to Edmonton's University!

Yours truly,

**From:** HARA <masahara@echem.titech.ac.jp>  
**Sent:** Wednesday, September 19, 2018 4:18 AM  
**To:** Dhanraj Negi  
**Subject:** Re: Urgent Regarding admission query

Dear Dhanraj Negi,

Basically no "transfer" but you have to take exams and interview to "enter" the university.

Please contact Admission Office for more details and also contact professors with whom you like to study in your research field.

One tip is that if you start with "Respected sir" without specific persons' names, probably it is getting lower possibilities to receive replies from professors, since we receive hundreds of e-mails every day starting from Dear Sir.

Regards,

Masa Hara

> 2018/09/19 5:50、Dhanraj Negi <[dhanraj.16049@ggnindia.dronacharya.info](mailto:dhanraj.16049@ggnindia.dronacharya.info)>のメール:

> Respected sir,

> Hope you are doing very very well.

> You helped me a lot in past and thanks for that sir.

> Just a quick query I want to make to you.

> I have got admit in Master of science in Data Engineering at Jacobs University Germany. This is my first semester going on and I will get 35 Credits in December of this semester but still I like to study in JAPAN.

> Is there any possible way I can transfer from here to Japanese university after this semester or some other way?

> Please waiting for your reply sir.

> Regards

> 2018/03/08 14:13、Dhanraj Negi <[dhanraj.16049@ggnindia.dronacharya.info](mailto:dhanraj.16049@ggnindia.dronacharya.info)>のメール:

> Thank you so so much sir.

> I understand Japan is not a place for me.

> Japan is lacking in globalisation because many student wants to do Masters in Japan but the process is very tough. No benefit of Global 30 programs and all until you more open up with admission process.

> I will try for USA, Germany for masters where process is little bit easier.

> I really appreciate your help and support sir.

> Thanks and regards

## TO WHOM IT MAY CONCERN

I wish to put on record my impression about **Mr. Harsh Gautam** whom I have knew for the 4 years where he was in **CSE** stream having secured a competitive rank in the statewide entrance examination. He has continued to maintain the high level of academic attainment. Based on his performance thus far graduate study I have taught him subjects "**Data structure, FOCP**" and Advanced Java also guided him in **Computer networks Lab (CN) and Data base management system Lab (DBMS)**.

**Mr. Harsh Gautam** is a diligent student with a high degree of motivation. His ability to organize his time efficiently, his management skills and his meticulous preparation will be an asset to your esteemed institute. He has excellent problem-solving skills and well equipped communication skills. I have found him to be a student with high intellect and profound analytical thinking. His self-confidence and optimistic approach to solve even the most difficult problems are worth mentioning. He also contributed most of his time in college seminars, Workshops, Sports events and festivals.

His systematic and focused approach has always earned him a good academic performance. His ability to visualize and link together the fundamentals of each subject makes him an ideal student for any institution.

I feel that master's study in an institution of your repute should go a long way in giving expression to his true potential. I recommend him for admission with adequate financial assistance to your university. I wish him all the best in his future endeavors.

Respected Sir,

Greetings !!!!

I have received an admit letter from Illinois Institute of Technology, Chicago. I'd like to thank you for all the support and motivation. Currently, I am waiting for other admits from better universities. I am going to apply for one last university in the first week of January. I am done with all other applications. And sorry for sending this mail lately. I have attached the photograph of the admit letter.

Thanks again Sir, it means a lot :-)

December 19, 2016

Dear *Karan Bhalla*

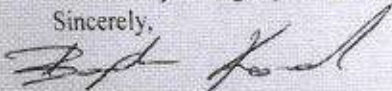

*Congratulations!* We are pleased to offer you admission to the **Master of Computer Science** program for the Fall 2017 semester to Illinois Institute of Technology (IIT). You are entering a selective program at a world-renowned university.

In order to finalize your admission, your application must be complete and include all official documents. Your test scores must meet your program's departmental requirements (<http://admissions.iit.edu/graduate/apply/gre-requirements>) and be sent to IIT from a testing agency. Once your application is complete and you provide sufficient financial support documentation and bank statements, we will issue you an I-20 to IIT and send your I-20 and official admission letter to you in the mail.

Please note that your admission is contingent upon completion and submission of your conferred baccalaureate degree and, if applicable, a Master's degree.

We sincerely look forward to welcoming you to the IIT community. I personally wish you every success as you begin your graduate studies with Illinois Tech in Chicago.

Sincerely,

Dr. Bogdan Korel  
College of Science  
Illinois Institute of Technology

Advisor: *Prof. Sun*

Prerequisite courses:

*GRE scores must be submitted.*
