

# MEMORANDUM OF AGREEMENT FOR ACADEMIC COOPERATION

## BETWEEN

**Daegu Catholic University**

## AND

**Smt. Anguri Devi Charitable Trust**

Daegu Catholic University (DCU, Republic of Korea) and Smt. Anguri Devi Charitable Trust constituting Dronacharya College of Engineering, hereinafter called DCE (All India Council for Technical Education, AICTE Approval No. 765-62-227(E)/ET/98 with effect from 09 July 1998), Gurugram, India and Dronacharya Group of Institutions, hereinafter called DGI (All India Council for Technical Education, AICTE Approval No. 06/03/UP/ENGG/2005/010 with effect from 29 May 2006), Greater Noida, India agree to establish a relationship of general academic cooperation. The purpose of this relationship is to enhance the capacity of both institutions to fulfill their academic missions and objectives through international education and international engagement. The two institutions may undertake, subject to the regulatory framework and availability of resources of both, initiatives in the following areas:

- Faculty exchanges for short periods of up to three months, for the purposes of delivering lectures, engaging in research, and participating in ongoing joint projects in various subject areas
- Mutual participation of faculty in conferences, congresses, and symposia sponsored by each institution
- Sharing of research and published materials in disciplines and areas of interest to both institutions
- Joint projects in research and curriculum development
- Assistance with institutional and official networking in the country of each institution and in appropriate international frameworks and organizations
- Student exchanges for varying lengths of time in the departments namely, School of Computer Software & Software Convergence, Department of Artificial Intelligence and Big Data Engineering, Department of Electrical Engineering, Department of Semiconductor Electronic Engineering, Department of Battery Chemical Engineering, Department of Mechanical Engineering, Department of Future Automotive Engineering, Department of Robotics Engineering, and Department of Fire and Disaster Prevention.
- General academic cooperation
- Dr. Pawan Kumar Tiwari, faculty Physics associated with Birla Institute of Technology Mesra, Ranchi, India would serve as a liaison officer in implementing the memorandum of agreement between two institutions. Dr. Tiwari will act as a mentor during the internship period.

Addenda to this document identify specific projects and activities that will be undertaken within this general agreement. Addenda may be developed at any time during the life of the Agreement.

This Agreement is not considered to be a contract creating legal or financial relationships between the parties. Rather, it is designed to facilitate development and maintenance of a mutually beneficial academic relationship.

This Agreement will take effect immediately upon signing by both parties. It will be reviewed every five years to evaluate the progress and the quality of mutual cooperation. The Agreement may be extended automatically if the programs are extended without change. The agreement may be terminated by either party upon receipt of official written notification, which must be received by the other party three months in advance of the termination date. Any participating students who have commenced at either university during this period may complete their courses of study. Any modification in this agreement must be in writing and approved by both parties.
