

## **Programming Videos Links for Placement Preparation**

1. [C program to find the Maximum of two numbers](#)
2. [C program to find the size of an Integer](#)
3. [Java program to find a Number is palindrome or not](#)
4. [C program to find the Increment every element](#)
5. [JAVA program to find a Number is prime Number or not](#)
6. [Java program to print a sample out using for loop](#)
7. [Java program to swap two numbers](#)
8. [Java program to check if the number is Armstrong number](#)
9. [Difference between a structure and an Array](#)
10. [C program using an unsigned integer](#)
11. [What is Native Code in JAVA](#)
12. [C program using Max function](#)
13. [C program using struct and Char functions](#)
14. [C program using Arrays and unsigned Integers](#)
15. [Object Oriented Programming Language - Introduction](#)
16. [Java Programming Language - Basics](#)
17. [Object Oriented Programming - JAVA -Application and Documentation](#)
18. [Object Oriented Programming\(JAVA\) - Platform & server](#)
19. [Object Oriented Programming - JAVA - Libraries](#)
20. [C Programming Language Basics - Data Types](#)
