

HCL Placement Preparation

The HCL will modify the selection procedure yearly to select the candidates who are having technical and problem-solving skills. This year, HCL Technologies is going to conduct three rounds to recruit the aspirants.

- Written Test
- Technical Interview
- HR Interview

To participate in the written test, the contenders need to know the test module of it. For the sake of competitors, we have arranged the test pattern in the below section. And, the students who will score the minimum marks in the written exam will call for a technical interview. Lastly, the HCL will organize an HR Interview for the candidates who will qualify for the technical interview.

Testing Areas	Number of Questions
Quantitative Ability	15 Questions
Reasoning	15 Questions
English	15 Questions
Technical	15 Questions
Total	60 Questions

The applicants need to prepare Quantitative Ability, Reasoning, English, and Technical to crack the **HCL Drive**. With the help of the below-arranged HCL Placement Papers, the contenders can prepare for the examination.
